Office Board of Public Works.

Fort Wayne, Indiana, March 25th 1909.

Regular meeting held at 7:30 o'clock P. M.

Present: E. J. Rennow, Henry Schwartz and Jesse Brosius.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of Benefits and Damages in the matter of widening Taylor Street in front of lots Nos. 44 and 45 Kinder 2d. Addition under Declaratory Resolution No. 153, there now appeared a number of property owners on said Taylor Street who objected to the assessments of benefits and damages as fixed by the Board. Upon motion further hearing in the matter was postponed until March 29th 1909 at 3 o'clock P. M.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits or awards of damages in the matter of opening and extending West Berry Street from the west line of Nelson Street to Swinney Park in accordance with Declaratory Resolution No. 163, there now appeared Ronald T. Dawson and objected to the assessment of benefits against the 58 foot space of ground on the southwest corner of Nelson Street and Wayne Street, claiming that said assessment was not equitable and just, as said piece of ground was assessed more in proportion to its area than other lots. The Board however maintained that the point of argument was not well taken and refused to modify or change said assessment. There appearing no other objections or remonstrances of any nature whatsoever, upon motion the roll of assessments of benefits and awards of damages approved under Declaratory Resolution No. 163 was confirmed as in the original and ordered delivered to the Department of Finance.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Alley Improvement Resolution No. 528, which provides for paving the alley between Jefferson Street and Lewis Street from Clinton Street to Barr Street, also the alley between Clinton Street and Barr Street from Lewis Street to the alley north of Lewis, there now was presented a remonstrance by Barbara Lauer and 3 others against said proposed improvement. The Board finds that the remonstrants are in the minority, and upon motion the prayer of the remonstrants was not granted. The Board now finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement, and there appearing no other objections or remonstrances of any nature whatsoever, upon motion, the aforesaid resolution was confirmed as in the original.

This being a date and time previously fixed by the Board when they would receive and open sealed proposals for various work to be performed under public contract, the Board now proceeded to open such proposals and obtained the following results:

Local Sewer Improvement Resolution No. 170, which for a vitrified clay pipe sewer in and along Vermont Avenue from the alley between California Avenue and Crescent Avenue to the alley between Kentucky Avenue and Crescent Avenue and in the alley between Kentucky Avenue and Crescent Avenue from Vermont Avenue to State Street;

Fred. H. Fuelling	bid for the work complete per lineal foot	$1.16 3/4
Derheimer & Co.	" " " " " " " "	1.35 1/2
F. D. Kruse	" " " " " " " "	1.03
Moellering Construction Co.	" " " " " " " "	.98 1/2

Upon motion of Mr. Schwartz the contract for the work to be performed under Local Sewer Improvement Resolution No. 170 was awarded to F. D. Kruse the second lowest bidder for the reason that the Moellering Construction Co. had not properly fulfilled former contracts which had been awarded to said company.

Local Sewer Improvement Resolution No. 171, which provides for a vitrified clay pipe sewer in and along the alley between Crescent Avenue and California Avenue from Tennessee Avenue to State Street;

Fred. H. Fuelling	bid for the work complete per lineal foot	.91 3/4 cts
Derheimer & Co.	" " " " " " " "	99 1/4
F. D. Kruse	" " " " " " " "	.88
Moellering Construction Co.	" " " " " " " "	.77

Upon motion of Mr. Schwartz the contract for the work to be performed under Local Sewer Improvement Resolution No. 171, was awarded to F. D. Kruse, the second lowest bidder for the same reason as stated above.

The petition of A. A. Ringwalt and 6 others for a sewer in the alley next to Broadway from the alley between Organ Avenue and Kuttman Avenue to the alley between Kuttman Avenue and Dayton Avenue etc. was received and upon motion referred to the City Civil Engineer.

The petition of John B. Grosjean for permission to construct under private contract cement sidewalks on Third Street abutting on lots "A" "B" and "C" Bass and Haugh's Supplement was upon motion granted.

The application of J. H. Helmer for a position as stationary fireman or any other position of a like nature was received and placed on file.

The bond of L. E. Brownsberger covering the construction of a Cement sidewalk on Creighton Avenue abutting on lot No 111 Williams Addition was upon motion approved.

Henry D. Blair and Eliza Blair, his wife, granted unto the City of Fort Wayne an easement, to construct and maintain a five foot Cement sidewalk across lot No 5, Schilling's Heirs Addition, which was accepted by the Board, and ordered placed on record.

The Board now upon motion took a recess until 10 o'clock A. M. April 16th 1909.

The Board reconvened at 10 o'clock A. M. April 16th 1909.

This now being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Sidewalk Improvement Resolution No 534, which provides for Cement sidewalks on both sides of Third Street from Wells Street to St. Mary's Avenue, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

Moved, that notice to Contractors of the work to be performed under Improvement Resolutions Nos. 516, 525, 528, 529, 530, 531, 533, 534, 537, 538 and Local Sewer Improvement Resolutions Nos. 174 and 175 be published in the Fort Wayne Journal Gazette on the 17th and 24th days of April 1909, and the 6th day of May, 1909 at 7:30 o'clock P. M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned Resolutions.

Adopted.

The petition of Lee Kinde for permission to tap the sewers in the alley

Wildwood Avenue and Kinnaird Avenue, to get sewerage for lot No 30 A. D. Brandriffs Addition, was upon motion granted, upon the condition that this permit would not relieve lot No 30 A. D. Brandriffs Addition from any regular sewer assessment which might be made in the future.

The Board then adjourned.

The Pennsylvania Company and the City Civil Engineer submitted revised plans and estimates for track elevation at Calhoun Street and Fairfield Avenue which were taken under advisement until July 8th 1909 at 7 30 P. M.

Railroad Track Elevation Resolution No 2.

Whereas, Broadway Street at the point where the same is crossed and intersected by the right-of-way of the Pennsylvania Company is located in a portion of the City which is densely settled and is an important resident district of the City, and

Whereas the maintenance of the grade crossing at that point is dangerous to the lives and property of the public, and detrimental to the business interests of the citizens of said City, and make the use of and travel on said Street by the public at said crossing dangerous, and

Whereas a necessity exists for the alteration of said grade crossing by the elevation of the steam railroad tracks crossing said Broadway Street at said crossing, and,

Therefore, Be it Resolved by the Board of Public Works of the City of Fort Wayne, That the alteration, by the elevation of the steam railroad tracks of the Pennsylvania Company, of the grade crossing at the intersection of said railroad tracks with said Broadway Street is by said Board deemed necessary.

Be It Further Resolved, That the Pennsylvania Company be, and it is hereby, required, ordered and directed to elevate, or cause to be elevated, the steam railroad tracks owned, or leased, maintained, and operated, by it at the intersection of said railroad tracks with Broadway Street in said City, said Company to elevate the tracks so owned, or so leased, maintained, and operated, by it so that there will be a clearance or difference of fifteen and one-half feet between the bottom of the superstructure over such high-way and under such tracks and the surface of the roadway under such tracks after such roadway or street has been depressed and lowered ten feet, and at the time of the elevation of said tracks by said Company said City shall cause the surface of said Broadway Street at its inter-section with said railroad tracks to be lowered and depressed ten feet from its present grade.

Be It Further Resolved, that Monday, June 28th, 1909, at 3 o'clock P. M., be, and the same is hereby, fixed, when said Pennsylvania Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.

Declaratory Resolution No 176.

For the opening and extending of Old Main Street along the south bank of the St. Mary's River from the alley west of Rockhill Street to Berry Street.

Resolved, By the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Old Main Street along the south bank of the St. Mary's River, from the alley west of Rockhill Street to Berry Street. Said opening and extending to be made by condemning and appropriating for street purposes a strip of land not less than 66 feet in width following the berm bank on the south side of the St. Mary's River from the alley west of Rockhill Street with its intersection with Old Main Street to Berry Street. All as shown by a plan of such proposed opening and extending of said Old Main Street, as above described, now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the opening and extending of said Old Main Street as above described, is described as all lots or parcels of land not occupied by streets or alleys

lying south of the New York, Chicago and St. Louis Railroad, west of Calhoun Street, north of Berry Street and east of the St. Mary's River. All of said Old Main Street and lots and lands affected by the opening and extending of said Old Main Street, as above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved that notice to property owners of the adoption of Improvement Resolution No. 555 and Local Sewer Improvement Resolution No. 180 be published in the Fort Wayne Journal Gazette on the 3rd and 10th days of July 1909, and the 22d day of July 1909, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against each of the aforementioned resolutions and will decide whether the benefits that will accrue to the property to be assessed abutting and adjacent to each of the aforementioned improvements and to said City, if any, will be equal to or exceed the estimated cost of the proposed improvements.

Adopted.

Moved that notice to property owners affected by the opening and extending of Old Main Street from the alley west of Rockhill Street to Berry Street as described in Declaratory Resolution No. 176 be published in the Fort Wayne Journal Gazette on the 3rd and 10th days of July 1909, and the 29th day of July 1909, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned Resolution.

Adopted.

Monday July 5th being a holiday upon motion the Board decided to hold the next regular meeting July 6th 1909 at 3 o'clock P. M.

The Board then adjourned.

The resolution adopted on January 21, 1909 under Railroad Track Elevation Resolution No 1 and which called for the filing of detailed plans and specifications by the Railroad Companies and the City was amended by adding thereto the following provision: Be it further resolved that the Wabash Railroad Company, the Pennsylvania Company and the City shall each commence not later than sixty days after the adoption by the Common Council of a resolution declaring that said Companies and said City shall proceed with the construction of the improvement referred to in said Resolution No 1 the work mentioned and described in the amended plan or plans filed by them respectively as finally approved by the Board on July 8, 1909; that each of them shall continuously prosecute the work shown on the plan or plans filed by them respectively and so approved on said 8th day of July, such work to be diligently prosecuted and without delay until completed, and such completion not, in any case, to be later than one year from time of commencement. The different portions of the work to be carried on from time to time in such manner as the Board and City Civil Engineer may direct, and to their satisfaction, and at all times during the progress of the work either Fairfield Avenue or Calhoun Street shall be kept open and in passable condition for travel by the public, and upon motion of Mr. Brosius was confirmed as amended.

On motion of Mr. Brosius, the memoranda between the Pennsylvania Company and Wabash Railroad Company and the City as to the proper construction of the law relating to the proper division of the cost of said improvement are made a part of the record, which memoranda are as follows:

Memorandum of July 2d, 1909 showing the manner in which Track Elevation Resolution No 1 shall be amended as affecting Wabash Railroad Company and showing the construction by the Wabash Company

and the City of the Track Elevation Law as to proper division of costs. Meeting attended by, for the City: Mayor Hosey, City Solicitor Colerick, Chief Engineer Randall and members of the Board of Public Works, Lennon, Brosius and Schwartz:
For the Wabash Railroad: Henry Miller, Vice President & General Manager, J. L. Minnis, General Solicitor, S. E. Cotter, General Superintendent, A. O. Cunningham, Chief Engineer, W. V. Stuart, Attorney for Indiana, J. C. Sullivan, Superintendent, W. S. Daner, Engineer Maintenance of Way.

1st. The cost of substructure including abutments at the sides of Calhoun Street as shown on plans submitted by the Wabash Railroad dated July 1st, 1909, also the cost of bridge or superstructure spanning Calhoun Street, and carrying the railroad tracks; also intermediate column support and foundations for same, and the necessary excavations for same; also all excavations and grading, sewer work, side walk and pavement construction, immediately under and within the lines of superstructure, to be borne by the Railroad Company 75% and by the City and Traction Company 25%.

2nd. The cost of all work on approaches to the superstructure lines, including the paving and altering of Calhoun Street on south side of the superstructure, grading and paving of Grand Street to a width of fifty-two (52) feet from the west line of Calhoun Street to the top of the slope or incline and including retaining walls to be borne by the City.

3rd. The City not to participate in the expense of whatever character such expenses may be, of taking care of any industrial or other tracks, main, switch or siding either owned by the Company or private persons, or corporations, other than part of tracks over Calhoun Street.

4th. The entire expense of adjusting the Wabash present freight house to meet the elevation plans and to meet the widening of Calhoun Street three feet on the west side, to be borne entirely by the Wabash Company, except the retaining wall, which may be used as a foundation for the freight house, and which is to be constructed by the City according to its plans.

5th. The expense and cost of the entire work within two feet of the outer rails at Fairfield Avenue and north of two feet south of the south rail at Lafayette Street to be borne by the Wabash Company.

6th. The expense of approach on either side of Fairfield Avenue to two feet on the outer side of the outer rails to be borne by the City, and the Wabash Company is not to participate in the expense of the approach to two feet south of the Company's south rail at Lafayette Street.

7th. In consideration of the widening of Calhoun Street three feet on each side of the street across the entire property of the Wabash Company, the City is to cause, in a legal and proper manner, the vacation of the following part of Grand Street: Starting at a point on the west line of Harrison Street produced north thirty-two (32) feet; thence parallel with the south line

of Grand Street to its intersection with the south line of the Wabash Railroad right-of-way; thence north-east and east following said south line of said Wabash right-of-way to a point opposite the west line of Harrison Street produced north to the intersection of said right-of-way; thence south twenty-eight (28) feet to the place of beginning.

8th The work to be begun within sixty (60) days from the approval of the amended resolution by the Common Council and proceeded with and finished according to law.

9th. At all times during the progress of the proposed work, either Fairfield Avenue or Calhoun Street shall be kept open and in passable condition to admit of access to temporary freight and passenger stations of the Wabash Company, which will be located at Fairfield Avenue.

10th. The Board of Public Works agree to adopt a resolution in connection with the passing of other ordinances and resolutions in relation to the above matter requiring the paving of that part of Grand Street not to be vacated and west of the incline or slope, to be assessed as provided by law.

11th It was understood that there would be no difficulty about getting permission to put up temporary frame buildings for use as Freight and Passenger stations.

12th. The City and Company are to pay their expenses during the progress of the work according to the Act.

13th. The Act provides that the City shall do the work provided for in their plans and the railroad shall do the work covered in their plans.

Arrangement as to division of cost and construction of law on Track Elevation question as affecting Pennsylvania Company.

1st City and Traction Company to pay 25%, and Pennsylvania Company 75%, of expenses of the entire work within the superstructure lines, including the City and Pennsylvania Company work, except track, ballast etc. as excepted in act, provided the Pennsylvania Company is not to participate in the cost of construction work south of the south line of its right-of-way.

2d. City to pay the expenses of entire work of approaches on streets to superstructure lines, but all possible damages to abutting property to be paid in the per cent mentioned in Section 1.

3d. Pennsylvania Company to pay expenses of entire work within the right-of-way lines at streets where the grade crossings are not abolished in the extent that the grade of the railroad tracks extend to such streets, excepting College Street where the Company is to pay the expenses within the north and south lines of the track embankment, and the City to pay the expenses at College Street of the approach to the track embankment.

4th City to pay expenses of fixing street approaches to right-of-way lines at Streets mentioned in Section 3 excepting as to College Street, but the City is not to participate in the expense of taking care of railroad tracks, sidings, etc. other than main tracks on right-of-way at the crossings abolished.

5th. City is not to participate in the expense of taking care of any tracks out of the right-of-way.

6th. City to pay to Company $2000.00 for three feet on each side of Calhoun Street, and one and one half feet on each side of Broadway, crossing the entire Pennsylvania right of way, as follows: $1500.00 for said portion of Calhoun Street and $500.00 for said portion of Broadway. City also to pay $2100.00 for iron structure work over said six feet at Calhoun Street according to the Company's estimate of cost of Calhoun Street work filed June 24, 1909, and $900.00 for such structure work over said three feet at Broadway according to the Company's estimate of cost of Broadway work filed on said day. Said payments to be made as to each street only in the event that the work at the street to which they refer is completed.

The Fort Wayne and Wabash Valley Traction Company filed its approval of and consent to the plans showing a clearance at Calhoun Street of fifteen and one-half feet instead of sixteen feet which were approved by the Board and its agreement as to its share of cost of the improvement which is as follows:

July 8th 1909.

To the Board of Public Works of the City of Fort Wayne, Indiana.

Gentlemen: The undersigned, the Fort Wayne and Wabash Valley Traction Company, hereby consents to the elevation of the tracks of the Pittsburg, Ft. Wayne & Chicago Railroad, operated by the Pennsylvania Company, and of the Wabash Railroad Company crossing Calhoun Street in the City of Fort Wayne, according to the plans and specifications adopted by your Board on the 8th day of July, 1909, and which are further identified by the initials of C. D. Emmons, general manager of this Company, and hereby agrees to waive the full clearance of sixteen feet (16) provided for by the Act of the General Assembly of the State of Indiana, entitled: An Act providing for the changing of the grades of streets and highways in cities having a population of not less than forty-three thousand nor more than forty-nine thousand, at the intersection of such streets and highways with steam railroad tracks, and for the depression or elevation of such railroad tracks at such places, authorizing the widening of such streets and highways in connection with such elevation or depression, providing for the payment of the cost of such improvement by steam railroad and street railroad companies and cities, and declaring an emergency," Approved March 12th, 1907, and to pay its proper portion of the expense of said work and improvement, including the approaches on the said street to said improvement, as in said Act provided, as if said full clearance of sixteen feet had been made, on the express conditions, however, that said work and improvement shall be so done, and completed according to said plans and specifications and so as to provide and furnish a full clearance, at all points, of not less than fifteen feet six inches from the top of the rails of this

company, to the lowest point of the superstructure of said work above said Calhoun Street, so as to permit the safe operation of street and interurban cars on its said tracks under such superstructure, and that said plans and specifications shall not be altered or changed, or said work and improvement so done in such a manner as to make said clearance less than fifteen feet six inches as aforesaid, or otherwise to affect the safe operation of street and interurban cars on said tracks under said superstructure.

Yours very truly,
Ft. Wayne & Wabash Valley Traction Co.
By C. D. Emmons
General Manager.

Upon motion now the Board took a recess until 2 o'clock P. M. July 9th 1909.

The Board reconvened at 2 o'clock P. M. July 9th 1909.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, July 15th 1909.
Regular meeting held at 7:30 o'clock P. M.
Present: E. J. Lennon, Henry Schwartz and Jesse Brosius.

This now was the date and time fixed by the Board when they would take final action on Improvement Resolution Nº 544 which provides for Cement sidewalks on both sides of Creighton Avenue from Calhoun Street to Broadway. A remonstrance of a majority of resident property owners on said street having been filed against said proposed improvement, the Board was prevented by law from making said improvement. The Common Council of the City of Fort Wayne, however on the 13th day of July 1909 passed an Ordinance declaring said improvement

a public necessity: Thereupon the Board now finds that the benefits to abutting property are equal to or exceed the estimated cost of the proposed improvement and upon motion confirmed the aforesaid resolution as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 551, which provides for paving Runnion Avenue from Main Street to High Street, the Board finds that the benefits to abutting and adjacent property including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances whatever, upon motion the aforesaid resolution was confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 552, which provides for paving Miner Street from De Wald Street to Creighton Avenue; also Improvement Resolution No. 554, which provides for paving Wildwood Avenue from Fairfield Avenue to South Wayne Avenue, upon motion the hearing was postponed until 2 o'clock P. M. July 16th 1909, a number of property owners on said street having verbally expressed a wish for some slight modification of the specifications as prepared by the City Civil Engineer.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 553, which provides for paving Huestis Avenue from Miner Street to Broadway, there now was presented a remonstrance by John Thieme and 7 others against said proposed improvement. The Board, in order to ascertain the exact number of resident property owners on said street upon motion postponed the hearing until 2 o'clock P. M. July 16th 1909.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No 480, which provides for paving Brackenridge Street from Fairfield Avenue to Broadway; also the work performed under Improvement Resolution No 507, which provides for paving Taylor Street from Broadway to the St. Mary's River bridge, upon motion the hearing was postponed until August 12th 1909, at 7:30 o'clock P. M. the contractor not having repaired certain defects in said pavements.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the

work performed under Improvement Resolution No. 534, which provides for paving with Cement the sidewalks on both sides of Third Street from Wells Street to St. Mary's Avenue; also the work performed under Improvement Resolution No. 537, which provides for paving with Cement the sidewalks on the south side of Jefferson Street from Harmer Street to Division Street; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Rolls covering the work performed under the aforementioned resolutions, which Assessment Rolls contain a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolutions Nos. 534 and 537 was finally accepted and the Assessment Rolls confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time fixed by the Board when they would receive and open sealed proposals for printing and binding the annual reports for the year 1908, the Board now proceeded to open such proposals and obtained the following results:

Mr. Wilding representing the Fort Wayne Printing Co entered a protest

against the bid of Mr. Shober representing the Times-Herald, claiming that Mr. Shober failed to file a non-collusion affidavit as required by law. The affidavit having been filed with the clerk at the same time that the proposal was filed, but not enclosed with the bid, upon motion the bids were all taken under advisement until 2 o'clock P. M. July 16th 1909.

The plat of Belmont Addition was, upon motion of Mr. Brosius, approved by the following vote: Ayes, 2 viz: Schwartz and Brosius; Nays 1, Lennox.

The petition of Geo. W. Butler and 18 others for cement sidewalks on both sides of Runnion Avenue from Main Street to High Street was received and upon motion the City Civil Engineer was instructed to prepare plans and specifications for cement sidewalks on both sides of Runnion Avenue from Main Street to Spring Street.

The petition of Albina Rear and 3 others for cement sidewalks on the east side of Runnion Avenue from High Street to Spring Street was received and placed on file, the Board having ordered the construction of cement sidewalks on both sides of Runnion Avenue covered by this petition.

The petition of J. Lung and 12 others for cement sidewalks on Illinois Street from Greenwood Avenue to Perry Street was received and upon motion the City Civil Engineer was instructed to prepare plans and specifications for same.

A communication was received from H. C. Berghoff calling the attention of the Board to the unsafe condition of the sidewalks on the west side of Glasgow Avenue between Washington Boulevard East and Wayne Street. Upon motion the clerk was instructed to notify the Fort Wayne and Wabash Valley Traction Co., owners of said property to repair said walk and place it in a safe condition at once.

Upon motion the City Civil Engineer was instructed to prepare plans and specifications for cement sidewalks on the west side of Glasgow Avenue from Washington Boulevard East to Wayne Street.

The Board upon motion accepted the proposal of Perrine-Armstrong Co. to furnish bridge plank 3" x 12" x 6 ft and 12 ft at $32.00 per M.

Upon motion the City Civil Engineer was instructed to prepare plans and specifications for cement sidewalks on both sides of Wells Street from Superior Street to Huffman Street.

A communication was received from the Ft. Wayne and Wabash Valley

Traction Co. relative to painting a white band on City poles at street corners, such band to designate the stopping place of street cars. Upon motion the communication was placed on file.

The Sidewalk Builders Bond of E. Pimmie and Son was upon motion approved.

The Plumbers and Gasfitters Bond of Hugh O'Connell was upon motion approved.

The following petitions for permission to do work under private contract were upon motion granted: petition of Fred. Jiemendorff for Cement sidewalks on West Creighton Avenue abutting on lots Nos 75-77-79 Bonds 2d Addition and lot No 9 Walnut Place Addition; petition of E. Pimmie and Son for Cement sidewalks on West Creighton Avenue, south side, from Broadway to Miner Street and from miner Street to South Wayne Avenue and on the north side from Miner Street to Fox Avenue; petition of C. W. Smitly for Cement sidewalks on Weller Street abutting on lot No 39 North Side Addition; petition of Julian Grosjean for Cement sidewalks on Weller Street and Fairmount Place abutting on lot "A" P. A. Randall's Sub.

Upon motion the Board now took a recess until 2 o'clock P. M. July 16th 1909.

The Board reconvened at 2 o'clock P. M. July 16th 1909.

After considering the bids submitted for printing and binding the Annual Reports for the year 1908, upon motion action was deferred until July 19th 1909, at 3 o'clock P. M.

This now being the date and time fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 552, which provides for paving Miner Street from DeWald Street to Creighton Avenue, upon motion the specifications for said improvement were modified to read as follows: "upon a six inch broken stone foundation" and striking out the words "6 inch Portland Cement concrete foundation: After being so modified the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as modified.

This now being the time fixed when the Board would hear and consider objections or remonstrances against Improvement Resolution No 553, which provides for paving Huestis Avenue from Miner Street to Broadway the Board now took up the remonstrance which had been filed against said proposed improvement. John Thieme and Silas Van Horn having withdrawn their names from the remonstrance the Board finds that the remonstrators are in the minority. Upon motion now the

Board refused to sustain the remonstrance. The Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement, and there appearing no other objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

This now being the date and time fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 554, which provides for paving Wildwood Avenue from Fairfield Avenue to South Wayne Avenue the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

Upon motion, the preliminary order of the Board designating vitrified shale block the material to be used in paving Columbia Street under Improvement Resolution No. 541 was rescinded.

Upon motion, the preliminary order of the Board designating creosoted Wood Block the material to be used in paving Berry Street under Improvement Resolution No. 542 was rescinded.

Upon motion the bids submitted for the work to be performed under Improvement Resolutions Nos. 541 and 542 were rejected.

Upon motion the Street and Alley improvement specifications were changed to read as follows: That the work shall be done in such a substantial manner as to material and workmanship, that no repair will be required for a period of ten (10) years in the case of asphalt pavements, and five (5) years in the case of creosoted Block and Brick pavements.

Moved that notice to contractors of the work to be performed under Improvement Resolutions Nos. 539, 540, 541, 542, 544, 549, 551, 552, 553, and 554 be published in the Fort Wayne Journal Gazette on the 17th and 24th days of July 1909 and the 5th day of August 1909 at 7:30 o'clock P. Fort Wayne, Indiana, July 22nd 1909.

Regular meeting held at 7 30 o'clock P. M.

Present: E. J. Lennon, Henry Schwartz and Jesse Grosjean.

F. H. Fielding reported the work to be performed under Local Sewer Improvement Resolution Nº 172, which provides for a sewer in the alley between California Avenue and Alabama Avenue from Vermont Avenue to State Street completed. Upon motion the report was received and placed on file.

Fred D. Kruisie reported the work to be performed under Local Sewer Improvement Resolution Nº 171, which provides for a sewer in the alley between Crescent Avenue and California Avenue from Tennessee Avenue to State Street completed. Upon motion the report was received and placed on file.

Upon motion the City Civil Engineer was instructed to prepare Assessment Rolls for the work performed under Local Sewer Improvement Resolutions Nos 171 and 172.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 174 which provides for opening and extending Pfeiffer Avenue from Sherman Street to the G. R. & I. R.R. there now was presented a remonstrance by Edson Willis and 17 others against said proposed improvement. Upon motion further hearing was postponed until August 12th 1909 at 7:30 o'clock P. M.

There now appeared J. F. Rodabaugh petitioner for the opening and extending of Pfeiffer Avenue who objected to the length of time fixed by the Board for further hearing in the matter of opening said street. Upon motion the Board rescinded its action taken by fixing August 12th 1909 as the time for hearing the remonstrators. Upon motion now the Board fixed July 29th 1909, at 7:30 o'clock P. M. as the date and time for hearing and considering objections or remonstrances against said proposed opening and extending of Pfeiffer Avenue.

Upon motion the clerk was instructed to notify by letter all parties represented on the remonstrance of the change of time fixed by the Board for further hearing in the matter of opening and extending Pfeiffer Avenue.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 175 which provides for opening and extending the alley between Knitters Avenue and Runnion Avenue from the south line of the old canal property to the alley south of Wheeler Street and there appearing no objections or remonstrances of any nature whatsoever, upon motion Declaratory Resolution No 175 was confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 555, which provides for grading High Street and Cement sidewalks on both sides from the east line of Feeder Addition to Runnion Avenue; also Local Sewer Improvement Resolution No 180 which provides for a sewer in the alley between Knitters Avenue and Runnion Avenue from the south line of the old canal property to the alley south of Wheeler Street, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to, or exceed the estimated cost of the proposed improvements and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid Resolutions were confirmed as in the original.

Moved that notice to contractors of the work to be performed under Improvement

Resolution No. 555 and Local Sewer Improvement Resolution No. 180, be published in the Fort Wayne Journal Gazette on the 24th and 31st days of July 1909 and the 12th day of August, 1909, at 7:30 o'clock P. BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, August 26th 1909.

Regular meeting held at 7:30 o'clock P. M.

Present: E. J. Lennon, Henry Schwartz and Jesse Brosius.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 556, which provides for Cement sidewalks on the north side of Organ Avenue, from Beaver Avenue to Broadway; also Improvement Resolution No. 557, which provides for Cement sidewalks on the east side of Wabash Avenue from Maumee Avenue to Wayne Trace, the Board finds that the benefits to abutting and adjacent property are equal to or exceed the estimated cost of the proposed improvements and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

moved that notice to Contractors of the work to be performed under Improve=ment Resolutions Nos. 556 and 557 be published in the Fort Wayne Journal Gazette on the 28th day of August and the 4th day of September 1909, and the 16th day of September 1909 at 7.30 o'clock P. M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Adopted.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 558, which provides for Cement sidewalks on the east side of Oneida Street from Elmwood Avenue to Eden Avenue, on the north side of Eden Avenue and on the west side of Oneida Street from Eden Avenue to Tennessee Avenue, there now was presented a remonstrance by George Clauson and Clara M. Clauson against said proposed improvement. There being the only resident property owners on said streets, upon motion the remonstrance was sustained. Upon motion all former action taken under Improvement Resolution No 558 was rescinded.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 176, which provides for opening and extending Old Main Street from the alley west of Rockhill Street to Berry Street, upon motion all former action taken under the aforementioned resolution was rescinded.

The City Civil Engineer submitted a plan showing the proposed opening and extending of New Main Street along the south bank of the St. Mary's River from New Main Street to Berry Street, which plan was upon motion approved.

Declaratory Resolution No 177.

For the opening and extending of a boulevard along the south bank of the St. Mary's River from New Main Street to Berry Street.

Resolved, By the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend a boulevard along the south bank of the St. Mary's River, from New Main Street to Berry Street. Said opening and extending to be made by condemning and appropriating for street purposes the following described lots and parcels of land: The entire tract of land lying south of New Main Street, west of Rockhill Street, north of Old Main Street, and east of the St. Mary's River; all of lot No 21, J. M. Miller's Addition. Also a strip of land not less than forty (40) feet in width following the berm bank on the south side of the St. Mary's River from the alley north of Berry Street to Berry Street and crossing through parts of lots Nos. 15, 16, 17 and 18 J. M. Miller's Addition. All as shown by a plan of such proposed opening and extending of said boule=vard, as above described, now on file in the office of the Department of Public Works of said City. The property, which may be injuriously or beneficially affected by the opening and extending of said boulevard, as above described, is

described as all lots or parcels of land not occupied by streets or alleys lying south of the N. Y. L. & St. L. R. R., west of Calhoun Street, north of the alley between Wayne and Washington Streets, and east of the St. Mary's River. All of said proposed boulevard and lots and lands affected by the opening and extending of said boulevard, as above described, being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved, that notice to property owners affected by the opening and extending of a boulevard along the south bank of the St. Mary's River from New Main Street to Berry Street as described in Declaratory Resolution No. 177, be published in the Fort Wayne Journal Gazette on the 28th day of August and the 4th day of September 1909, and the 23rd day of September, 1909, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned resolution.

Adopted.

Upon motion the City Civil Engineer was instructed to prepare plans and specifications for a sewer in the alley between French Street and Rudisill Avenue from Webster Street to Hoagland Avenue.

The Board received the following proposals for printing the necessary books and forms for the Building Inspector:

Derheimer & Co.	" " " " "	.65
John B. Grosjean	" " " " "	.54

Upon motion the contract for the work to be performed under Improvement Resolution No. 556 was awarded to the Modern Engineering and Construction Company, they being the lowest and best bidders.

For the work to be performed under Improvement Resolution No. 557, which provides for the cement sidewalks on the east side of Wabash Avenue from Maumee Avenue to Wayne Place;

Modern Engineering and Construction Co.	bid per lineal foot complete	.41 cts
Maellering Construction Co.	" " " " "	.50
Geo. Wilhelm	" " " " "	.46
Derheimer & Co.	" " " " "	.54 1/2

Upon motion the contract for the work to be performed under Improvement Resolution No. 557, was awarded to the Modern Engineering and Construction Co. they being the lowest and best bidders.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 559, which provides for cement sidewalks on both sides of Wells Street from the St. Mary's River to Huffman Street the Board finds that the benefits to abutting property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 560, which provides for paving Nelson Street from Berry Street to Jefferson Street, upon motion the hearing was postponed until 2 o'clock P. Peru, Ind, Oct. 13th 1909.

Mr. E. J. Lennon, Chairman, Board of Public Works, Ft. Wayne, Ind.

Dear Sir: Referring to meeting held in Mayor's office on Oct. 4th, relative to the commencement of track elevation in Fort Wayne.

I wish to advise that this Company will be prepared to start the actual work of track elevation at Calhoun Street in Ft. Wayne on April 1st or as soon thereafter as the weather will permit, and the City may let contracts for their part of the work with this understanding. As explained to you verbally, we have already begun this work, by filling up where we expect to locate our temporary freight house tracks, and we have part of the material now on the ground for our temporary freight sheds.

Yours truly

J. C. Sullivan

Superintendent.

Adopted.

The City Civil Engineer submitted a plan showing the proposed opening of a street through a part of lot No 6 Broadway Addition and a tract of land east of said Addition, also through the north part of McCulloch Park; also for opening and extending Lindley Avenue through the west part of lot No 54 Kuttman Place Addition; also vacating Factory Street and the alley east of Broadway from Factory Street to a point ten feet north of the north line of McCulloch Park, which plan was upon motion approved.

Declaratory Resolution No 179.

For the opening of a street through the south part of lot No 6 Broadway Addition, and a tract of land east of said Addition. Also through the north part of McCulloch Park. Also for the opening and extending of Lindley Avenue through the west part of lot No 54 Kuttman Place Addition. Also for the vacation of Factory Street and the vacation of the alley east of Broadway from Factory Street to a point ten feet north of the north line of McCulloch Park.

Resolved, By the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open a street through the south part of lot No 6 Broadway Addition, and the tract of land east of said Addition. Also through the north part of McCulloch Park. Also for the opening and extending of Lindley Avenue through the west part of lot No 54 Kuttman Place Addition. Also for the vacation of Factory Street and the vacation of the alley east of Broadway from Factory Street to a point ten feet north of the north line of McCulloch Park. Said opening and extending to be made by con=demning and appropriating for street purposes the following described lots and parcels of land: The south ten feet of lot No 6 Broadway Addition, the south ten feet of the tract of land lying east of Broadway Addition abutting on the north line of McCulloch Park, the north twenty feet of McCulloch Park, the west 40 feet of lot No 54 Kuttman Place Addition; also sufficient ground off from the tract of land abutting on the north line of said lot No 54 Kuttman Place Addition to connect in a circular form with the south ten feet of the same tract of land on the north side of McCulloch Park. All as shown by a plan of such proposed opening and extending and vacating of the above described streets and alleys now on file in the office of the Department of Public Works of said City. The property, which may be injuriously or beneficially affected by the opening and extending and vacating of the above described streets and

alleys is described as all lots or parcels of land not occupied by streets or alleys lying east of Broadway, south of the P. Ft. W. & C. Ry., west of the east line of the land owned by the Fort Wayne Electric Works and Kettman Place Addition, and north of Taylor Street. All of the above described streets, alleys and lots and lands affected by the above described opening and extending and vacation, being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved that notice to property owners affected by the vacation of Factory Street and the alley east of Broadway, also opening and extending Lindley Avenue and opening a street through the south part of lot No 6 Broadway Addition as described in Declaratory Resolution No 179 be published in the Fort Wayne Journal Gazette on 20th and 27th days of October 1909 and the 18th day of November 1909, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned resolution.

Adopted.

Fort Wayne, Indiana, November 8th 1909.
Regular meeting held at 3 o'clock P. M.
Present: E. J. Lennon, Henry Schwartz and Jesse Brosius.

The Moellering Construction Company reported the work to be performed under Improvement Resolutions Nos. 533, 541 and 553 completed. Upon motion the report was received and placed on file.

John B. Grosjean reported the work to be performed under Improvement Resolution No. 559, completed. Upon motion the report was received and placed on file.

Upon motion the City Civil Engineer was instructed to prepare primary Assessment Rolls for the work performed under Improvement Resolutions Nos. 533, 541, 553 and 559.

This now being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No. 516, which provides for cement sidewalks on both sides of Washington Boulevard East, from Barr Street to Harmer Street; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under the aforementioned resolution, which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed, the now was presented the following communication: Board of Public Works, City, Gentlemen: In consideration of your acceptance of the work performed by the undersigned in the construction of sidewalks on each side of Washington Boulevard East from Barr to Harmer Streets, and the allowance by you of a final estimate for said work, the undersigned agrees:
1st. That the City of Fort Wayne retain out of moneys collected by it on the assessments for said work the sum of Five Hundred Dollars ($500.00.)
It being claimed by certain property-owners that some of said work is unsatisfactory to them, and appreciating that if there is any such unsatisfactory work the same cannot be properly remedied at this time, and that the remedying, if any, of said work can be more efficiently accomplished in the Spring of the year, it is agreed by the undersigned that it will cause such repairs as may be directed by the City Engineer and Board of Public Works to be made to said sidewalks, and to their satisfaction not later than thirty days after being notified so to do by said Board, and on the completion by the undersigned of such repairs, if any, and to the satisfaction of said City Engineer and Board, said sum of Five Hundred dollars ($500.00) is to be

returned to the undersigned.

2d. In the event that the undersigned shall fail, refuse or neglect to make the repair mentioned in Section 1 hereof and in the manner and time therein provided, said City may cause such repairs as the Board and Engineer may desire to be made to said sidewalks, and deduct the cost thereof out of said sum of Five Hundred Dollars ($500.00) so retained by said City and pay to the undersigned any balance that may remain after paying the cost of said repairs.

3rd. This contract and the work performed hereunder shall not affect, release or impair the liability of the undersigned on its guarantee bond given under the original contract for said work.

Derheimer & Co.

by J. E. K. Trance.

Upon motion the above proposition was accepted by the Board. There appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolution No. 516 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Building Inspector submitted his report for the month of October, 1909, which was received and placed on file.

Office Board of Public Works.

Fort Wayne, Indiana, December 27th 1909.

Regular meeting held at 3 o'clock P. M.

Present: E. J. Lennon, Henry Schwartz and B. A. Strawn.

The Board now took up the matter of considering the bids submitted for the construction of a Market House with a view of awarding the contract for same. There now was presented a communication from L. L. Delagrange who objected to the Board accepting the bid of B. Borkenstein, claiming that said bid was irregular in this, that said Borkenstein failed to name the subcontractors who were to perform for him various branches of said work, viz: the mason work, cement work, sheet metal roofing work, electric wiring work and plumbing work as provided in the specifications. There also was presented a communication from B. Borkenstein advising the Board that he had not sublet any of the work on the Market House except steel ceiling, roofing and all other metal work, wiring and plumbing. Upon motion further hearing was postponed until 1:30 o'clock P. M. December, 28th 1909, when the City Attorney will render his opinion in the matter.

Moved that an Assessment Roll of Benefits and Damages in the matter of opening and extending a Boulevard along the bank of the St. Mary's River from New Main Street to Berry Street under Declaratory Resolution No 177 be and the same is hereby approved and that notice of same to property holders affected thereby be given according to law and the 17th day of March 1910 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against said assessments of Benefits or awards of Damages as approved by the Board. Adopted.

Upon motion the clerk was instructed to notify Emmett Martin to appear before the Board at 4 o'clock P. M. December 28th 1909 to answer to a charge of constructing a sewer without the necessary permit.

The Board now upon motion took a recess until 2:30 o'clock P. M. December 28th 1909.

The Board reconvened at 2:30 o'clock P. M. December 28th 1909; the Board having previously fixed 1:30 o'clock P. M. as the time when they would meet and not having received the opinion of the City Attorney relative to the regularity of proposals received for the construction of a Market House, being the cause of delay and change of time.

The City Attorney submitted his opinion declaring it discretionary with the Board to accept or reject the proposal submitted by B. Borkenstein, or to accept any proposal submitted or to reject all proposals. Upon motion of Mr. Schwartz, seconded by Mr. Strawn the Board now awarded the contract for constructing the Market House to B. Borkenstein, he being the lowest and best bidder, and ordered the contract to be submitted to the Common Council for approval.

There now appeared Louis Stenfe, owner of the property affected by vacating the alley through Blocks Nos 2 and 3 Rockhill Heirs Addition under Declaratory Resolution No 180, who requested that the Assessment Roll of Benefits and Damages be confirmed at once in order to save time, he being ready to pay such assessment of benefits. Upon motion the Board confirmed said roll of assessment of benefits and awards of damages, taking final action thereon and ordered the same to be forthwith delivered to the Department of Finance.

The plat of Stenfe's Place Addition was upon motion approved.

Office Board of Public Works.

Fort Wayne, Indiana, March 17th 1910.

Regular meeting held at 7:30 o'clock P. M.

Present: Frank T. Benoy, Henry Hilgeman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of Assessments of Benefits or awards of Damages in the matter of opening and extending a boulevard along the south bank of the St. Marys River from New Main Street to Berry Street in accordance with Declaratory Resolution No 177, there now was presented a remonstrance by Laura E. Noll against the amount of damages awarded to her; there also appeared L. E. Orr and J. F. Rodabaugh, who objected to the amount of benefits assessed against their property. After carefully considering the claims of the remonstrants, the Board upon motion decided that the prayers of the remonstrants were not well taken and refused said prayer. Upon motion now the roll of Assessment of Benefits and award of Damages approved under Declaratory Resolution No 177 was confirmed as in the original and ordered delivered to the Department of Finance.

The City Civil Engineer submitted a plat showing the proposed condemning of a right of way for sewer purposes across the center lines of Wayne Township Out-Lot No 7 and Erwings Out-Lot No 5, which plat was upon motion approved.

Declaratory Resolution No 186.

For the condemning of a right-of-way for sewer purposes across the center lines

of Wayne Township Out-Lot Nº 7 and Erwings Out-Lot Nº 5 in the W½ of Section 14, Township 30, N. R. 12, E.

Resolved, By the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary and advisable to condemn for sewerage purposes a strip of ground fourteen (14) feet in width across and over and under the center of Wayne Township Out-Lot Nº 7 and Erwings Out-Lot Nº 5 in the W. ½ of Section 14, Township 30, N. R. 12, E. Said strip of land to be condemned for said sewerage purposes, to have a width of fourteen (14) feet and described as follows: seven (7) feet north and seven (7) feet south of the center line of Wayne Township Out Lot Nº 7 and Erwings Out-Lot Nº 5 as described above, all as shown by a plan of such proposed condemnation of a strip of land for the right of way for a sewer as above described, now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the condemnation of the above described strip of land for sewerage purposes is described as all lots or parcels of land not occupied by streets or alleys lying south of Wildwood Avenue, west of Fairfield Avenue, north of Rudisill Avenue and east of Broadway. All of the above described lots and lands affected by the condemnation of a right of way for sewerage purposes as described above being situated in the City of Fort Wayne, County of Allen, State of Indiana.

Adopted.

Moved that notice to property owners affected by the condemnation of a fourteen foot strip of ground through Wayne Township Out Lot Nº 7 and Erwings Out Lot Nº 5 as described in Declaratory Resolution Nº 186 be published in the Fort Wayne Daily News on the 19th and 26th days of March 1910 and the 14th day of April 1910 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned Resolution.

Adopted.

Moved that a primary Assessment Roll for the work performed under Local Sewer Improvement Resolution Nº 180, which provides for a vitrified clay pipe sewer in the alley between Knitter Avenue and Runnion Avenue from the Old Canal property to the alley south of Wheeler Street and in the alley south of Wheeler Street from its eastern terminus to its western terminus be and the same is hereby approved and that notice to property holders affected thereby be published in the Fort Wayne Daily News on the 19th and 26th days of March 1910, and the 7th day of April 1910 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the Assessment Roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said Assessment Roll.

Adopted.

The petition of Herman F. Wiegman and 7 others for a catch basin at the southeast corner of Jefferson Street and Union Street was upon motion referred to the Street Superintendent.

The petition of William Carter and 2 others which provides for paving the alley between Main Street and Columbia Street from Lafayette Street to Clay Street was received and taken under advisement.

The City Civil Engineer submitted his estimate of the cost of the work to be performed under public contract as follows:
Improvement Resolution Nº 608 total cost - - - - $379.60

This being a date and time previously fixed by the Board when the would hear and consider objections or remonstrances against the roll of assessments of benefits or awards of damages in the matter of opening, widening and extending Tennessee Avenue from Kentucky Avenue to Spy Run Avenue in accordance with Declaratory Resolution No. 187 there now appeared Abraham Beamer owner of lots Nos. 9 and 10 Lakeside Park Addition Plat "A" who objected to the amount of damages awarded him; there also appeared Mrs. Forbing for Frank J. Forbing, owner of lot No. 22 Lakeside Park Addition, Plat "A" who also objected to the amount of damages awarded. The Board however considered the claims as not sufficient to make any changes in the amounts of damages awarded and upon motion the roll of assessment of benefits and awards of damages approved under Declaratory Resolution No. 187 was confirmed as in the original and ordered the same to be forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No. 569, which provides for cement sidewalks on both sides of Howell Street from the C. R. & I. R. R. to the east line of Rockhill Heirs Addition; also the work performed under Improvement Resolution No. 573 which provides for cement sidewalks on the north side of Pontiac Street from Barr Street to Lafayette Street; also the work performed under Improvement Resolution No. 574 which provides for cement sidewalks on the north side of Belle Avenue from Fox Avenue to the alley west of Fox Avenue; also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolutions Nos. 565, 573 and 574 was finally accepted and the assessment rolls confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objection or remonstrances against Local Sewer Improvement Resolution No. 190, which provides for a vitrified clay pipe sewer in the alley south of Taylor Street from the sewer in the alley west of Nelson Street to Riedmiller Avenue; also against Improvement Resolution No. 600, which provides for paving Home Avenue from Fairfield Avenue to Broadway; also against Improvement Resolution No. 601, which provides for paving the

alley between Washington Street and Jefferson Street from Fairfield Avenue to Fulton Street; also against Improvement Resolution No. 602 which provides for paving the alley between Wayne Street and Washington Street from Broadway to Van Buren Street; also against Improvement Resolution No. 603, which provides for Cement sidewalks on the south side of Creighton Avenue from Walton Avenue to Savannah Street and on the west side of Savannah Street from Creighton Avenue to Diamond Street; also against Improvement Resolution No. 604, which provides for Cement sidewalks on both sides of Euclid Avenue from Creighton Avenue to Pontiac Street; also against Improvement Resolution No. 605, which provides for Cement sidewalks on the west side of Hanna Street from Lasalle Street to Buchanan Street; also against Improvement Resolution No. 606, which provides for Cement sidewalks on the south side of Lewis Street from Hanna Street to Ohio Street there now was presented a remonstrance by Matilda A. Wagner and others against the proposed improving of Home Avenue as described in Improvement Resolution No. 600; there also was presented a remonstrance by Justin Bauer and others against the proposed improving of the sidewalks on the south side of Lewis Street as described in Improvement Resolution No. 606. The Board, after carefully considering the names of the remonstrators finds that the resident property owners remonstrating against said proposed improvement of Home Avenue and Lewis Street are in the minority and upon motion refused the prayer of the remonstrants. The Board now finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements and there appearing no objection or remonstrances of any nature whatsoever against any of the other resolutions mentioned above upon motion the aforesaid resolutions were confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 607, which provides for Cement sidewalks on the east side of Oneida Street from Elmwood Avenue to Eden Avenue and on the north side of Eden Avenue and on the west side of Oneida Street from Eden Avenue to Tennessee Avenue upon motion further hearing was postponed until Monday August 8th 1910 at 3 o'clock P. M. owing to some objection against said proposed improvement.

The remonstrance of J. Fox and 15 others against paving Maple Avenue from Broadway to Thompson Avenue was received and placed on file.

The report of the Building Inspector for the month of July 1910 was received and placed on file.

The petition of the Wayne Auto Aide Company which provides for vacating McCulloch Street from Hayden Street to the Wabash Railroad was received

and upon motion the City Civil Engineer was instructed to prepare a plat showing such proposed vacation.

The following petitions for permission to do work under private contract were upon motion granted: petition of W. E. Quinn and F. L. Parham for cement sidewalks on W. DeWald Street abutting on lots Nos 76 and 78 Bonds 2nd Addition; petition of L. W. Smitley for a cement sidewalk on W. DeWald Street abutting on lot No 20 and part of lot No 19 Wapler Addition; petition of Louis Geller and others to grade the alley north of Huffman Street from Meridian Street to Andrew Street; petition of Theo. Havert for a cement sidewalk on Barr Street abutting on lots Nos 17 and 32 Hamiltons 1st Addition; petition of Fred. Ziemendorff for a cement sidewalk on Hoagland Avenue abutting on Williams Park Lot "A"; petition of Herman Breimeier for cement sidewalks on W. DeWald Street abutting on lots Nos 5 and 6 Fairfield's Addition; petition of Ernst H. F. Breimeier for cement sidewalks on W. DeWald Street abutting on lot No 35 Fairfields Addition.

Upon motion the City Civil Engineer was instructed to prepare a plat showing the proposed vacating of the alley between lots Nos 17 and 18 Kurrbaum's Addition and opening an alley along Spy Run Creek from Kurrbaum Avenue to the alley south.

The plat of Federal Place No 2, being a subdivision of lots Nos 1 and 2 of Col. Reed's Addition was upon motion approved.

Upon the request of the Board of Public Health the Board instructed the City Civil Engineer to prepare plans and specifications for a sewer east of the G. R. & I. R. R. and south of Main Street, said sewer being necessary to prevent sewage from being deposited in Mill Creek.

Upon motion the clerk was instructed to notify the N. Y. C. & St. L. R. R. Co. and the Fort Wayne and Wabash Valley Traction Co to place new crossings at the intersection with Calhoun Street.

The following Bonds were upon motion approved: Plumber's Bond of Hugh O'Connell; Plumber's Bond of Henry Krommiller; Sewer Builders Bond of Max. Irmscher; Bond of C. K. Fairfield for tapping a sewer in the rear of lot No 5 Fairfield's Addition.

Upon motion now the Board fixed September 13th 1910 at 10 o'clock A. M. the

date and time when petitions for material other than that selected by the Board for the work to be performed under Improvement Resolutions Nos 600, 601 and 602 must have been filed.

For the work to be performed under Improvement Resolutions Nos 603, 604, 605, 606 and 607 there being but one bid submitted the Board upon motion declined to receive said bid deeming it unfair both to the property owners interested and to the bidder to open said bid, inasmuch as there was no competition.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 609 which provides for cement sidewalks on the west side of Lafayette Street from Wiebke Street to the south line of lot No 4 Koehler's Out Lots, also against Local Sewer Improvement Resolution No 191, which provides for a vitrified clay pipe sewer in the alley between DeWald Street and Creighton Avenue from the vacated alley east of Warsaw Street to Warsaw Street the Board finds that the benefits to abutting and adjacent property including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 196 which provides for vacating Clay Street from Wallace Street to the alley north of Wallace Street the Board now upon motion sustained the remonstrance of Mrs. L. H. Waltemath and 63 others against said proposed vacation and upon further motion rescinded all former action taken under Declaratory Resolution No 196.

This also being a date and time fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 197, which provides for opening and extending Schele Avenue from Lumbard Street to Guthrie Avenue, also for vacating Guthrie Avenue from Lumbard Street to the north line of Schele Avenue produced east to the east line of Guthrie Avenue; also against Declaratory Resolution No 198 which provides for vacating McCulloch Street from the south line of Hayden Street to the north line of the alley south of Hayden Street, in view of the fact that remonstrances were filed against both of these proposed improvements upon motion the hearing was postponed until September 8th 1910 at 7.30 o'clock P. M.

Upon motion the Board now made the following awards: the work to be performed under Improvement Resolution Nos 588, 589 and 594 was awarded to John F. Brooks; the work to be performed under Improvement Resolution Nos 596 and 597 was awarded to Oscar F. Menefee.

The report of the Building Inspector covering the month of August 1910 was received and placed on file.

The petition of Winifred J. Randall which provides for widening Cottage Avenue from Fairfield Avenue to Hoagland Avenue was received and taken under advisement.

The following petitions for permission to do work under private contract were upon motion granted: petition of H. C. Rockhill for a cement sidewalk on West Wayne Street abutting on lots Nos 7, 22 and 23 Flemings Addition; petition of August Meyer for a cement sidewalk on Broadway abutting on lot No 13 Old Orchard Addition; petition of Daniel Hickman for a cement sidewalk on Sherman Street abutting on lot No 195 Archers Addition; petition of F. Ziemendorff for a cement sidewalk abutting on No 721 West De Wald Street.

The dedication of a 50 foot strip of ground from Columbia Street to Superior Street to be a continuation of Clay Street was upon motion accepted from Samuel M. and David N. Foster.

The Bond of Fred. Buechner covering the construction of cement sidewalks on Herman Street abutting on lots No 10, 11 and 12 Hattendorfs Addition was upon motion approved.

The Sewer Builders Bond of Henry Oetting was upon motion approved.

The Contracts and Bonds of Derheimer and Company covering the work to be performed under Improvement Resolution No 598, 599 and Main Sewer Improvement Resolution No 28 were upon motion approved.

The City Civil Engineer submitted plans and specifications for cement side = walks on the south side of Berry Street from Barr Street to Monroe Street which were upon motion approved.

Sidewalk Improvement Resolution No 610.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Berry Street from Barr Street to Monroe Street by grading to a width of seventeen feet and paving with cement to a widths of seven feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Moved that notice to property owners of the adoption of Improvement Resolution No 610 be published in the Fort Wayne Daily News on the 3rd and 10th days of September 1910, and the 22nd day of September 1910, at 7.30

o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned resolution and will decide whether the benefits that will accrue to the property to be assessed abutting and adjacent to the aforementioned improvement and to said city, if any, will be equal to or exceed the estimated cost of the proposed improvement.

Adopted.

Moved that notice to contractors of the work to be performed under Improvement Resolution No 609 and Local Sewer Improvement Resolution No 191 be published in the Fort Wayne Daily News on the 3rd and 10th days of September 1910, and the 22nd day of September 1910, at 7:30 o'clock P. M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Fort Wayne, Indiana, September 13th 1910.
Special meeting held at 10 o'clock A. M.
Present: Frank T. Benoy, Henry Hilgeman and E. J. Lennon.

This being the date and time previously fixed by the Board when they would receive petitions from resident property owners for material other than that designated by the Board for paving Home Avenue from Fairfield Avenue to Broadway under Improvement Resolution No 600, there now was presented a petition by Mrs. J. B. Wagner and 27 others, praying that said Home Avenue be paved with brick instead of Sheet Asphalt as designated by the Board in its preliminary order. The signatures on said petition being written with lead pencil instead of ink as provided in the Acts of the General Assembly of the State of Indiana, approved March 8th 1909, the Board upon motion refused to entertain said petition, declaring it illegal. The Board thereupon confirmed its preliminary order designating Sheet Asphalt as the material to be used in paving Home Avenue as above described and upon motion awarded the contract for said work to the Barber Asphalt Paving Company as per their bid submitted.

In the matter of paving the alley between Washington Street and Jefferson Street from Fairfield Avenue to Fulton Street under Improvement Resolution No 601; also in the matter of paving the alley between Wayne Street and Washington Street

from Broadway to Van Buren Street under Improvement Resolution No. 602, the Board upon motion confirmed its preliminary order designating vitrified shale block as the material to be used in making the aforesaid improvements, (no petition having been filed for a change of material) and upon further motion awarded the contract for said work to the Moellering Construction Company, they being the lowest and best bidder.

Office Board of Public Works

Fort Wayne, Indiana, September 15th 1910.

Regular meeting held at 7:30 o'clock P. M.

Present: Frank T. Bruoy, Henry Hilgeman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution No. 187 which provides for a vitrified clay pipe sewer in the alley between Florida Drive and Forest Park Boulevard from the brick sewer on Vermont Avenue to State Street; also the work performed under Improvement Resolution No. 572, which provides for cement sidewalks on both sides of Fairfield Avenue from Jefferson Street to Brackenridge Street; also the work performed under Improvement Resolution No. 582, which provides for cement sidewalks on both sides of Harrison Street from First Street to Sixth Street and grading the roadway from Fourth Street to Fifth Street; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Local Sewer Improvement Resolution No. 187 and Improvement Resolution No. 572 and 582 was finally accepted and the assessment rolls confirmed

and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This now being the date and time fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 198, which provides for vacating Mc Cullock Street from the south line of Hayden Street to the alley south of Hayden Street, owing to the remonstrance filed against said proposed vacation the Board now upon motion rescinded all former action taken under Declaratory Resolution No. 198.

Fort Wayne, Indiana, October 7th 1910,
Special meeting held at 10 o'clock A. M.
Present: Frank T. Benoy, Henry Hilgeman and E. J. Lemon.

The Board having been unavoidably prevented from holding its regular meeting on the 6th day of October 1910, now met for the purpose of hearing and considering objections or remonstrances against Improvement Resolution No. 611, which provides for paving Broadway from a point 230 feet south of the south line of Taylor Street to a point 261 feet south of the south line of Taylor Street; also against Improvement Resolution No. 612, which provides for paving De Wald Street from a point 235 feet east of the east line of Fox Avenue to a point 259 feet east of the east line of Fox Avenue, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements and there appearing no objections or remonstrances of any nature whatsoever upon motion the aforesaid resolutions were confirmed as in the original.

The Board having previously fixed October 6th 1910 at 7:30 o'clock P. M. a date and time when they would receive and open sealed proposals for the work to be performed under Improvement Resolution No. 610, and no bids having been submitted for said work, the Board decided to take no further action in the matter until next spring.

Upon motion the bids were taken under advisement until December 8th

1910, at 7 30 o'clock P. M.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No 565, which provides for paving Pontiac Street from Hanna Street to Walton Avenue; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under the aforementioned resolution, which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed, the Board now took up the remonstrance which had been filed by the Ft. Wayne and Wabash Valley Traction Company against the acceptance of the work performed under the aforementioned resolution and also against the assessment made against the property and franchises of said Company for the doing of said work. Evidence of H. V. Norford, Assistant Engineer of the Ft. Wayne and Wabash Valley Traction Company and Mr. Tripper, contractor for said work, was heard. Evidence of J. F. Hartman, a property owner on said Pontiac Street was also heard. After carefully considering all the evidence submitted, the Board upon motion refused the prayer of the remonstrants. Upon motion now the work performed under Improvement Resolution No 565 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The request of the Ft. Wayne and Wabash Valley Traction Company of November 30th 1910, for permission to set poles in various parts of the City was upon motion granted.

Upon motion the clerk was instructed to advertise for sealed proposals for painting the Columbia Street, Main Street, Wells Street and Spy Run Avenue Bridges, said proposals to be opened December 19th 1910, at 3 o'clock P. M.

Upon motion the clerk was instructed to notify the Ft. Wayne and Wabash Valley Traction Company to remove its poles and feed wires from Spy Run Avenue as per their agreement.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, December 12th 1910.
Regular meeting held at 3 o'clock P. M.
Present: Frank T. Benoy, Henry Hilgeman and E. J. Lennon.

The Board having been called away from the City, were unable to hold a meeting on the 7th day of December 1910, as previously intended for the purpose of taking up the bids submitted for furnishing coal for the City Crematory and also for collecting the Kitchen garbage, which they now proceeded to do. After considering the bids submitted for collecting and hauling the kitchen garbage the Board upon motion awarded the contract to D. W. Winburn, covering the seven districts of the City for the sum of $6850.00, he being the lowest and best bidder.

Upon motion the coal bids for the Crematory were taken under further advisement until December 13th 1910 at 3 o'clock P. M.

For the same reason as stated above the Board was unable to take any action in the matter of vacating Brooklyn Avenue from Calhoun Street to Fairfield Avenue, except the intersections of Harrison Street, Webster Street and relocated Webster Street, also vacating McClellan Street from the south line of the alley south of Baker Street under Declaratory Resolution No. 202, which they now proceeded to do. Upon the request of the Indiana Lighting Company the Board postponed further hearing in the above matter until December 29th 1910, at 7:30 o'clock P. M. for the reason that the Pennsylvania Company had not entered into a written agreement with the said Indiana Lighting Company for the removal of the latter Company's gas lines on said Brooklyn Avenue, as verbally agreed.

The City Civil Engineer submitted plans for the following public improvements: vacating the south five feet of the east three hundred and one and one half feet of Bolty Street and the two hundred and sixty five and one half feet by twenty five feet of Bolty Street east of Warsaw Street, also for vacating the alley north of Colerick Street from Hanna Street to the first alley west of Hanna Street and also for vacating the alley west of Hanna Street in Koenigs Subdivision from Bolty Street to the first alley south; for vacating the alley between lots Nos. 17 and 18 Kunsbaum's Addition and for opening of a ten foot alley through parts of lots Nos. 19, 20 and 21 Kunsbaum's Addition and part of Lot No. 8 Wells Reserve.

Upon motion the above plans were approved.

Declaratory Resolution No. 203.

For the vacation of the south five feet of the east three hundred and one and one half feet of Bolty Street (so called) and the two hundred and sixty five and one half feet by twenty five feet of Bolty Street (so called) east of Warsaw Street, also for the vacation of the alley north of Colerick Street from Hanna Street to the first alley west of Hanna Street, also for the vacation of the alley west of Hanna Street

in Koenigs Subdivision from Boltz Street (so called) to the first alley south.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the following parts of Boltz Street (so called) and alleys in Koenigs Subdivision of the north part of Raselles Out Lot Nº 9. The south five feet of the east three hundred and one and one half feet of Boltz Street (so called) and the two hundred and sixty five and one half feet by twenty five feet of Boltz Street (so called) east of Warsaw Street, also the vacation of the alley north of Colerick Street from Hanna Street to the first alley west of Hanna Street, also the vacation of the alley west of Hanna Street in Koenig's Subdivision from Boltz Street (so called) to the first alley south. All as shown by a plan of such proposed vacations now on file in the office of the Department of Public Works of said City. The cost of said vacations and all expenses connected therewith to be assessed against the property beneficially affected thereby. All of said streets and lots and lands affected by the vacation of the above described portions of Boltz Street (so called) and alleys being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution Nº 204.

For the vacation of the alley between lots Nºs 17 and 18 Kunsbaums Addition and for the opening of a ten foot alley through parts of lots numbered 19, 20 and 21 Kunsbaum's Addition and part of lot Nº 8 Wells Reserve adjoining said lots.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the alley between lots Nºs 17 and 18 Kunsbaum's Addition, also to open an alley ten (10) feet in width through parts of lots Nºs 19, 20 and 21 Kunsbaum's Addition and a part of lot Nº 8 Wells Reserve adjoining said lots, from Kunsbaum Avenue to the alley south of Kunsbaum Avenue. Said opening to be made by condemning and appropiating for alley purposes sufficient parts of lots and lands to make said alley a uniform width of ten (10) feet between Kunsbaum Avenue and the alley south of Kunsbaum Avenue. All as shown by a plan of such proposed vacation and opening now on file in the office of the Department of Public Works of said City. The cost of said vacation and opening and all expenses connected therewith to be assessed against the property beneficially affected thereby. All of said alleys and lots and lands affected by the vacation and opening of the above described alleys being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved that notice to property owners affected by the vacation of the south five feet of the east three hundred and one and one half feet of Boltz Street (so called) and the two hundred and sixty five and one half feet by twenty five feet of Boltz Street (so called) east of Warsaw Street, also the vacation of the alley north of Colerick Street from Hanna Street to the first alley west of Hanna Street, also the vacation of the alley west of Hanna Street in Koenig's Subdivision from Boltz Street (so called) to the first alley south, as described in Declaratory Resolution Nº 203; also notice to property owners affected by the vacation of the alley between lots Nº 17 and 18 Kunsbaum Addition and opening a ten (10) foot alley through parts of lots Nºs 19, 20 and 21 Kunsbaum's

Addition and part of lot Nº 8 Wells Reserve as described in Declaratory Resolution Nº 204, be published in the Fort Wayne Daily News on the 14th and 21st days of December 1910 and the 5th day of January 1911 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned resolutions and take final action.

Adopted.

Moved that a primary Assessment Roll for the work performed under Improvement Resolution Nº 577, which provides for cement sidewalks on the east side of Spy Run Avenue from the St. Mary's River to Elizabeth Street and on the west side from the St. Mary's River to the Feeder Canal Bridge; also a primary Assessment Roll for the work performed under Improvement Resolution Nº 601, which provides for paving the alley between Washington Boulevard West and Jefferson Street from Fairfield Avenue to Fulton Street; also a primary Assessment Roll for the work performed under Improvement Resolution Nº 602, which provides for paving the alley between Wayne Street and Washington Boulevard West from Broadway to Van Buren Street be and the same are hereby approved and that notice to property holders affected thereby be published in the Fort Wayne Daily News on the 14th day of December 1910 and the 22nd day of December 1910, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the Assessment Rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvements in the amounts named on said Assessment Rolls.

Adopted.

The City Civil Engineer submitted specifications for a sewer in and along the space between Killea Street and Wildwood Avenue from the brick sewer on Hoagland Avenue to Webster Street and in the alley between Hoagland Avenue and Shawnee Drive from Killea Street to Wildwood Avenue and in the alley between Shawnee Drive and Webster Street from Killea Street to Wildwood Avenue, which were upon motion approved.

Local Sewer Improvement Resolution Nº 192.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, That the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the space between Killea Street and Wildwood Avenue from the brick sewer on Hoagland Avenue to Webster Street and in the alley between Hoagland Avenue and Shawnee Drive from Killea Street to Wildwood Avenue and in the alley between Shawnee Drive and Webster Street from Killea Street to Wildwood Avenue; said sewer to be fifteen inches and twelve inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Adopted.

Whereas, The City of Fort Wayne through its Board of Public Works did on the 12th day of December, 1910, adopt Local Sewer Improvement Resolution No. 192, providing for the building of a sewer in and along the space between Killea Street and Wildwood Avenue from the brick sewer on Hoagland Avenue to Webster Street, and in the alley between Hoagland Avenue and Shawnee Drive from Killea Street to Wildwood Avenue and in the alley between Shawnee Drive and Webster Street from Killea Street to Wildwood Avenue.

Now Therefore, Now comes Robert S. Taylor and Frank B. Taylor, the sole and only owners of the property abutting on the line of the said sewer and the only parties who are in any way beneficially affected by said sewer and the only parties who will be assessed for the cost of the same and The Wildwood Builders Co. bidders on said work and make for themselves separately and jointly a waiver of any irregularity or illegality in the steps or omission of the same as required by law for the ordering and performing of said work and the issuing of bonds therefor and also waive the adoption of the following steps required by law, to-wit: omission to give notice by publication or otherwise for the adoption of said resolution; omission of Engineers estimate of total costs; omission to set day for hearing of remonstrances and the giving of notice of same when the Board of Works would modify, rescind or confirm said resolution; the advertising for bids for the work of said improvement; the receiving of bids for the performance of said work; the awarding of a contract by the City of Fort Wayne to the Wildwood Builders Co. according to and in conformity with their bid placed on file by them with the Board of Public Works of said City. The parties also agreeing that the entire cost of said sewer shall be assessed against their property, abutting on said sewer and shall be paid for by them. The Wildwood Builders Co. will accept the bonds so issued in full payment for said work.

Robert S. Taylor
Frank B. Taylor
The Wildwood Builders Co.
By Lee J. Kinde, Pres.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No. 567, which provides for paving Harmer Street from Maumee Avenue to Jefferson Street, also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under the aforementioned resolution, which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed, and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolution No. 567 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 202, which provides for vacating Brooklyn Avenue from Calhoun Street to Fairfield Avenue, also vacating McClellan Street from the alley south of Baker Street to Brooklyn Avenue upon motion the hearing was postponed until February 16th 1911 at 7:30 o'clock P. M.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 206, which provides for opening and extending Barr Street from Duck Street to the south line of the north 81 feet of Sub. 1 of Eliza Hanna's Sur. Sub. 1, there now was presented a remonstrance by Carrie Michael and George Ortlieb against said proposed opening and extending of Barr Street. After carefully

considering the matter, the Board upon motion granted the prayer of the remonstrants and upon further motion rescinded all former action taken under Declaratory Resolution No 206.

The City Civil Engineer submitted a plat showing the proposed relocation of the south end of North Harrison Street and the vacation of a part of First Street and North Harrison Street, which was upon motion approved.

Declaratory Resolution No 207.

For the relocation of the southern terminus of North Harrison Street and the vacation of that portion of First Street and North Harrison Street made necessary by the said relocation.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to relocate the southern terminus of North Harrison Street, said relocation to be made by condemning and appropriating for street purposes all that portion of lots numbered 69 and 70 North Side Addition lying within the boundaries of a line that is produced from the southwest corner of lot No 70 North Side Addition to the northeast corner of lot No 69 North Side Addition and a line that is fifty (50) feet distance from and parallel thereto. Also for the vacation of all that portion of First Street lying east of a line that is fifty (50) feet distance from and parallel to a line drawn from the southwest corner of lot number 70 North Side Addition to the northeast corner of lot number 69 North Side Addition produced southwest to the south line of First Street. Also for the vacation of that portion of North Harrison Street lying between the north line of First Street and a line that is fifty (50) feet distance from and parallel to a line drawn from the southwest corner of lot number 70 North Side Addition to the northeast corner of lot number 69 North Side Addition produced northeast to the east line of North Harrison Street. All as shown by a plan of such proposed relocation of a portion of the south end of North Harrison Street, and of the vacation of a portion of First Street and North Harrison Street, all as above described now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the relocation of a portion of North Harrison Street and the vacation of a portion of First Street and North Harrison Street, all as above described is described as lots numbered 68, 69, 70 and 206 North Side Addition and the right of way of the Lake Shore and Michigan Southern Railway Company abutting on First Street and North Harrison Street. All of said streets and lots and lands affected by the relocation of a portion of North Harrison Street and the vacation of a portion of First Street and North Harrison Street being situated in the south part of lot No 7 Wells Reserve, Township 30, North Range 12, East in the City of Fort Wayne, County of Allen and State of Indiana.

The above mentioned relocation and vacation are subject to the following conditions, that all water mains, gas mains, sewers, man-holes, telephone poles and wires, electric light poles and wires to be removed from that portion of the vacated street and relaid and reconstructed upon that portion of the street

as relocated, also the construction of a Cement sidewalk on the west side of the relocated street, also to cause the roadway of the relocated street to be placed in as good a condition as the present roadway of that portion of the vacated streets, all of the above changes to be made and the necessary labor and material to be furnished and paid for by the Lake Shore and Michigan Southern Railway Company and to the satisfaction of the Board of Public Works.

Adopted.

Moved that notice to property owners affected by the relocation of the southern terminus of North Harrison Street and the vacation of that portion of First Street and North Harrison Street as described in Declaratory Resolution No 207, be published in the Fort Wayne Daily News on the 4th and 11th days of February 1911, and the 2nd day of March 1911, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the aforementioned resolution and take final action.

Adopted.

The petition of Guy M. Malurin and 2 others for a sewer in the alley south of Kinnaird Avenue from Indiana Avenue to the alley east of Beaver Avenue and thence north to Kinnaird Avenue was upon motion granted and the Civil Engineer was instructed to prepare plans and specifications for same.

In connection with the aforesaid petition of Guy M. Maburin and other, there was submitted the following easement:

Fort Wayne, Ind. Feb. 4, 1911.

To the Board of Public Works, City of Fort Wayne, Indiana.

Gentlemen: I, Burton S. Haswell, owner of lot No. 3, Haswell's subdivision, City of Fort Wayne, hereby give my consent and permission to place through the aforesaid Lot a sewer, running east and west along the north side of the Lot not more than three feet from the south line and grant permission to the Board to make such repair as from time to time may be found unavoidable in the maintaining of such sewer.

Respectfully,

Burton S. Haswell.

Upon motion the above easement was accepted and placed on file with the aforesaid petition.

Memorandum of an agreement, between Board of Public Works and B. Borkenstein, Contractor on the Fort Wayne Market House.

In consideration of full payment of contract to B. Borkenstein on the contract of the Fort Wayne Market House, B. Borkenstein agree in the immediate future, weather permitting, to do the following:

1st. I will repair the holes, six in number, in the cement floor, by cutting out a space sufficiently large and deep and will fill in with fresh concrete and finish the top surfaces to conform with floor.

2nd. I will make six new table tops, and set four in position to replace those broken. I will deliver two at the City Building for your future use.

3rd. I will deliver to you the form or mould for casting the table tops, to become your property for future use.

4th. I will point the table legs where the corners and angles are rubbed off and disfigured. In doing this I will thoroughly brush off the loose material, and repoint the corners, bringing them up to conform with the original outline.

5th. I will point underneath the lower edge of six tables, where the edges have become rough. Signed, B. Borkenstein.

The above agreement is accepted, full payment ordered made, and this agreement spread upon our records. Signed, Board of Public Works.

BOARD OF PUBLIC WORKS.

Attest H. W. Becker
CLERK

Office Board of Public Works.

Fort Wayne, Indiana, April 13th 1911.

Regular meeting held at 7:30 o'clock P. M.

Present: Frank T. Benoy, G. A. Schmegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 202, which provides for vacating Brooklyn Avenue from Calhoun Street to Fairfield Avenue and also vacating McClellan Street from the alley south of Baker Street to Brooklyn Avenue upon motion the hearing was postponed until April 20th 1911 at 7:30 o'clock P. M. no agreement having been reached as to the location of the tracks of the Pennsylvania Company on said Brooklyn Avenue.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 624, which provides for grading the alley south of Taylor Street from the alley west of Fairfield Avenue to Oakley Street upon motion the hearing was postponed until April 27th 1911 at 7:30 o'clock P. M.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 625 which provides for cement sidewalks on both sides of Sturgis Street from Fulton Street to Broadway; also against Improvement Resolution No 626, which provides for cement sidewalks on the south side of Pontiac Street from Hanna Street to Walton Avenue; also against Improvement Resolution No 627,

which provides for Cement sidewalks on the east side of Thomas Street from Pontiac Street to McKee Street; also against Improvement Resolution No. 628 which provides for Cement sidewalks on the west sides of Holton Avenue from Pontiac Street to McKee Street; also against Improvement Resolution No. 629, which provides for Cement sidewalks on the south side of Wand Street from Thomas Street to Holton Avenue; also against Improvement Resolution No. 631, which provides for Cement sidewalks on both sides of Jefferson Street from Lafayette Street to Harmer Street; also against Improvement Resolution No. 632, which provides for Cement sidewalks on the north side of High Street from Runnion Avenue to the G. R. & I. R. R.; also against Improvement Resolution No. 633, which provides for grading Third Street from the west line of Romy Grove Addition to Runnion Avenue; also against Improvement Resolution No. 634, which provides for paving Wayne Street from Nelson Street to the west line of Fleming's Addition; also against Improvement Resolution No. 635, which provides for Cement sidewalks on the south side of Lewis Street from Hanna Street to Ohio Street, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements and there appearing no objections or remonstrances of any nature whatsoever upon motion the aforesaid resolutions were confirmed as in the original.

This also being a date and time fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 630, which provides for paving the alley between Columbia Street and Old Fort Place from Lafayette Street to its eastern terminus there now was presented a remonstrance by Wm. McKay and 7 others against said proposed improvement. After carefully considering the list of resident property owners affected by said proposed improvement the Board finds that the remonstrators are in the majority and sustained the same. Upon motion now all former action taken under Improvement Resolution No. 630 was rescinded.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits or awards of damages in the matter of opening and extending Force Street from the alley south of Colerick Street to the south line of Wehrle's Addition in accordance with Declaratory Resolution No. 185 the Board now took up the remonstrance of William F. Rogeman and Anna Rogeman against the amount of benefits assessed and damages awarded them. The Board after carefully considering all the evidence submitted, decided the objections raised had no merit and therefor overruled the remonstrants. Upon motion now the roll of assessments of benefits and awards of damages approved under Declaratory Resolution No. 185 was confirmed as in the original and ordered delivered to the Department of Finance.

Petitions for permission to construct Cement sidewalks under private contract were granted to the following persons: Paul E. Comeille abutting on lot

Adopted

Local Sewer Improvement Resolution No 198.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Organ Avenue and Darrow Avenue from the alley east of Hoagland Avenue to the alley west of Webster Street and in the alley west of Webster Street from Organ Avenue to Darrow Avenue; said sewer shall be twelve inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Adopted.

Moved that notice to property owners of the adoption of Local Sewer Improvement Resolution No 197 and 198 be published in the Fort Wayne Daily News on the 25th day of April and the 2nd day of May 1911 and the 18th day of May 1911 at 7 30 o'clock P. M. be fixed a date and time when the Board will hear and

consider objections or remonstrances against each of the aforementioned resolutions and will decide whether the benefits that will accrue to the property to be assessed, abutting and adjacent to each of the aforementioned improvements and to said City, if any, will be equal to or exceed the estimated cost of the proposed improvements.

Adopted.

The Board now upon motion adopted the following resolution:

Railroad Track Elevation Resolution No. 4.

Whereas, Union and College Streets at the points where the same are crossed and intersected by the right-of-way of the Pennsylvania Company are located in a portion of the City which is densely settled and is an important residence district of the City, and

Whereas, The maintenance of the grade crossings at those points are dangerous to the liver and property of the public, and detrimental to the business interests of the citizens of said City, and make the use of and travel on said streets by the public at said crossings dangerous, and

Whereas, A necessity exists for the alteration of said grade crossings by the elevation of the steam railroad tracks crossing said Union and College Streets at said crossings, and

Therefore, Be it resolved by the Board of Public Works of the City of Fort Wayne, Indiana, That the alteration, by the elevation of the steam railroad tracks of the Pennsylvania Company of the grade crossings at the intersection of said railroad tracks with said Union and College Streets are by the said Board deemed necessary.

Be it further resolved, That the Pennsylvania Company, be, and it is hereby required, ordered and directed to elevate, or cause to be elevated, the steam railroad tracks owned, or leased, maintained and operated, by it at the intersection of said railroad tracks with Union and College Streets in said City, said Company to elevate the tracks so owned, or so leased, maintained and operated, by it so that there will be a clearance or difference of twelve and one half feet between the bottom of the superstructure over such highways and under such tracks and the surface of the roadway under such tracks after such roadway or street has been depressed and lowered feet, and at the time of the elevation of said tracks by said Company said City shall cause the surface of said College and Union Streets at their intersection with said railroad tracks to be lowered and depressed feet from their present grade.

Be it further resolved, that Wednesday, May 10th 1911 at 3 o'clock P. M. be, and the same is hereby fixed when said Pennsylvania Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Railroad Track Elevation Resolution No 4, which provides for elevating the tracks of the Pennsylvania Company at Union Street and College Street, there now was presented a remonstrance by Leonard, Rose and Gollar, Attorneys for the Pennsylvania Company and Pittsburgh, Fort Wayne and Chicago Railway Company against said proposed elevation of the tracks, which remonstrance was placed on file. There also was presented the following waiver:

Comes now, the Pittsburg, Fort Wayne and Chicago Railway Company, by its attorneys, Leonard, Rose and Gollar and agree that Track Elevation Resolution No 4, wherein is provided for a separation of grades at Union and College Streets shall be amended so as to include said Pittsburg, Fort Wayne and Chicago Railway Company, and agree to accept notice of the adoption of such resolution and waive any and all irregularities by reason of the failure to originally make them a party to said resolution, and also the failure to give them actual notice of the adoption of said resolution and the date set for the hearing of remonstrances to the same, and also herein agree that they have had ample opportunity to file and remonstrance to said resolution they might have desired.

Leonard, Rose & Gollar
Attys for Pittsburgh, Fort Wayne &
Chicago Railway Company.

Upon motion the above Waiver was received and placed on file.

Motion was now made by Mr. Lennon to modify Railroad Track Elevation Resolution No 4 as follows:

Railroad Track Elevation Resolution No 4.

Whereas, Union and College Streets at the points where the same are crossed and intersected by the right-of-way of the Pennsylvania Company and the

Pittsburgh, Fort Wayne and Chicago Railway Company are located in a portion of the City which is densely settled and is an important residence district of the City, and, Whereas, The maintenance of the grade crossings at those points are dangerous to the liver and property of the public, and detrimental to the business interests of the citizens of the City, and make the use of and travel on said streets by the public at said crossings dangerous, and

Whereas, A necessity exists for the alteration of said grade crossings by the elevation of the steam railroad tracks crossing said Union and College Streets at said crossings, and

Therefore, Be it resolved by the Board of Public Works of the City of Fort Wayne, Indiana, That the alteration, by the elevation of the steam railroad tracks of the Pennsylvania Company and the Pittsburgh, Fort Wayne and Chicago Railway Company of the grade crossings at the intersection of said railroad tracks with said Union and College Streets are by the said Board deemed necessary.

Be it further resolved, That the Pennsylvania Company, and the Pittsburgh, Fort Wayne and Chicago Railway Company, be and the same are hereby required, ordered and directed to elevate, or cause to be elevated, the steam railroad tracks owned, or leased, maintained and operated, by them at the intersection of said railroad tracks with Union and College Streets in said City, said Companies to elevate the tracks so owned, or so leased, maintained and operated, by them so that there will be a clearance or difference of twelve and one half feet between the bottom of the superstructure over such highways and under such tracks and the surface of the roadway under such tracks after such roadway or street has been depressed and lowered 7 4/10 feet at said Union Street and after such roadway or street has been depressed or lowered 9 4/10 feet at said College Street, and at the time of the elevation of said tracks by said Companies said City shall cause the surface of said Union Street at its intersection with said railroad tracks to be lowered and depressed 7 4/10 feet from its present grade, and at the time of the elevation of said tracks by said Companies, said City shall cause the surface of said College Street at its intersection with said railroad tracks to be lowered and depressed 9 4/10 feet from its present grade.

Be it further resolved, that Wednesday May 10th 1911, at 3 o'clock P. M. be, and the same is hereby fixed when said Pennsylvania Company and said Pittsburgh Fort Wayne and Chicago Railway Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.

Office Board of Public Works.

Fort Wayne, Indiana, July 3rd 1911.

Regular meeting held at 3.0 o'clock P.M.

Present: Frank T. Bemoy, G. A. Schwegman and E. J. Lennon.

The City Civil Engineer submitted his estimates of the cost of work to be performed under public contract as follows:

Improvement Resolution No.	655	total cost - - - - - -		$965.74
" " "	656	" " - - - - - -		1157.80
" "	657	" " - - - -		8237.40
" "	658	" " - - - -		9399.70
" "	659	" " - - - -		

A communication was received from Beem-Offutt Construction Company relative to the out-line of their plans for doing the work under Improvement Resolution No. 636, if the contract be awarded to them, which was placed on file.

The bids submitted for the work to be performed under Improvement Resolution No. 636 were taken under further advisement until Thursday July 6th 1911, at 7 30 o'clock P.M.

This being now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 645, which provides for paving the alley east of Hoagland Avenue from Taber Street to Suttenfield Street there now was presented a remonstrance by J. G. Wolfrum and 2 others against said proposed improvement. After considering the list of resident property owners abutting on said alley the Board finds that the remonstrators are in the majority, whereupon the Board upon motion rescinded all former action taken under the aforesaid resolution.

The plat of P. Kussbaum's Amended Addition was upon motion approved.

Moved that notice to contractors of the work to be performed under Improvement Resolutions No. 624, 642, 643, 644, 646, 647 and 649 be published in the Fort Wayne Daily News on the 8th and 15th days of July 1911 and the 27th day of July 1911, at 7 30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Attest. N. W. Becker

CLERK

Office Board of Public Works

Fort Wayne, Indiana, July 5th 1911.

Special meeting held at 10 o'clock A. M.

Present: Frank T. Benoy, G. A. Schwegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would receive petitions from resident property owners for material other than that designated by the Board of Public Works for paving various streets, bids for which were received on the 22nd day of June 1911, there being no petitions filed for change of material for the improving of Clinton Street from Superior Street to Fourth Street under Improvement Resolutions Nos 637 and 638, the Board now upon motion confirmed its preliminary order and upon further motion awarded the contract to the Moellering Construction Company, specifying Metropolitan Vitrified Shale Block, upon the condition that the said work be completed by November 1st 1911.

In the matter of paving Leith Street from Hoagland Avenue to Calhoun Street under Improvement Resolution No 640 there now was presented a petition by resident property owners asking that said street be paved with vitrified shale block. Objection was made to the validity of the signature of Mrs. Helen Dickey, whereupon the Board, with a view to making further investigation of the matter, took a recess until 4 o'clock P. M. July 5th 1911.

The Board reconvened at 4 o'clock P. M. July 5th 1911, all members being present. The Moellering Construction Company, by W. C. Ryan, Attorney, filed an objection to the withdrawal of E. Kaiser from the brick petition, on the ground that the same was executed on a legal holiday, namely; on the 4th day of July. The City Attorney however, rendered an opinion that such withdrawals were legal, whereupon the Board overruled the aforesaid objection. Messrs. Benoy and Schwegman, members of the Board having interviewed Mrs. Helen Dickey, reported that her signature was placed upon the brick petition without her consent and should not be considered, hence her name was stricken from the brick petition. After carefully considering the list of resident property owners on said Leith Street the Board finds that the petitioners for brick are not a majority of said property owners and upon motion confirmed its preliminary order designating Trinidad Pitch Lake Sheet Asphalt for paving Leith Street under Improvement Resolution No 640.

In the matter of Improvement Resolution No 639 for paving Hoagland Avenue from the north line of Leith Street to the south line of Leith Street the Board now upon motion confirmed its preliminary order designating Trinidad Pitch Lake Sheet Asphalt.

Upon motion the contract for the work to be performed under Improvement Resolutions Nos 639 and 640 was awarded to The Barber Asphalt Paving Company in accordance with its bid submitted.

W. L. Ryan, Attorney for the Moellering Construction Company objected to the Board awarding the contract for paving Leith Street under Improvement Resolution No. 640 to The Barber Asphalt Paving Company, which objection was duly noted.

The Board then adjourned.

Office Board of Public Works.

Fort Wayne, Indiana, July 6th 1911.

Regular meeting held at 7:30 o'clock P. M.

Present: Frank T. Benoy, G. A. Schwegman and E. J. Lennon.

In the matter of hearing and considering objections or remonstrances against the work performed under Improvement Resolution No. 599, which provides for cement sidewalks on the west side of Harrison Street from Darrow Avenue to Rudisill Avenue and grading the roadway, upon motion the hearing was again postponed until July 13th 1911 at 7:30 o'clock P. M.

In the matter of vacating Brooklyn Avenue from Calhoun Street to Fairfield Avenue and also vacating McClellan Street from the alley south of Baker Street to Brooklyn Avenue under Declaratory Resolution No. 202, the hearing was, upon motion postponed until July 20th 1911 at 7:30 o'clock P. M.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No. 625, which provides for cement sidewalks on both sides of Sturgis Street from Fulton Street to Broadway; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under the aforementioned resolution, which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objection or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolution No. 625 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Board having carefully considered the bids submitted for the work to be performed under Improvement Resolution No. 636 which provides for cement sidewalks on both sides of Calhoun Street from Dock Street to Baker Street, now finds that it would be impossible to complete the work this year, therefore the bids were upon motion rejected.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 208 which provides for vacating the first alley south of Creighton Avenue from Thomas Street to Holton Avenue and there appearing no objections or remonstrances of any nature whatsoever, upon motion Declaratory Resolution No. 208 was confirmed as in the original.

The City Civil Engineer submitted specifications for cement sidewalks on the west side of Harrison Street from Superior Street to the St. Mary's River, and also for cement sidewalks on the north side of Richardson Street from Runnion Avenue to the east line of Rockhill Heirs Addition, which were upon motion approved.

Sidewalk Improvement Resolution No. 661.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Harrison Street from Superior Street to the St. Marys River by grading to a width of twelve feet and paving with cement to a width of five feet, all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Sidewalk Improvement Resolution No. 662.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Richardson Street from Runnion Avenue to the east line of Rockhill Heirs Addition by grading to a width of ten feet and paving with cement to a width of five feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Moved that notice to property owners of the adoption of Improvement Resolution No. 661 and 662 be published in the Fort Wayne Daily News on the 8th and 15th days of July 1911 and the 27th day of July 1911 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against each of the aforementioned resolutions and will decide whether the benefits that will accrue to the property to be assessed abutting and adjacent to each of the aforementioned improvements and to said City, if any, will be equal to or exceed the estimated cost of the proposed improvements.

Adopted.

The Sidewalk Builders Bond of H. Franke was upon motion approved.

The following petitions for permission to construct cement sidewalks were upon motion granted: petition of Fort Wayne Roofing and Paving Company, on West Superior Street abutting on lots Nos 4, 5 and 6 Block No 3 Ewings Addition; lots Nos 15 and 16 N.B. Reeds Addition, lot No 38 N.B. Reeds Addition; petition of H. Franke, abutting on a space on Pioneer Avenue; petition of Theodore Havert, on Baker Street abutting on lots Nos 34, 35, 36 and 37 Ewing Grove Addition.

The Board received a communication from T. D. DeWilbiss and others relative to the grade of the sidewalk on the west side of Holton Avenue from Pontiac Street to McKee Street which was referred to the City Civil Engineer.

Whereas, Railroad Track Elevation Resolution No 4, of the City of Fort Wayne, adopted by its Board of Public Works, in which is prescribed, in general, the amount of change in the grades of the streets herein referred to and the amount in feet, of the clearances required at Union Street and College Street and the railway intersections therein referred to between the surface of the streets as proposed by the new grades and the bottom of the superstructure over such highway, was on the 5th day of July, 1911, approved, ratified and confirmed by the Common Council of the City of Fort Wayne, Therefor:

Be it resolved by the Board of Public Works of the City of Fort Wayne, that the Pennsylvania Company and the Pittsburg, Fort Wayne and Chicago Railway Company be and they are hereby ordered, required and directed to prepare, or cause to be prepared and file with the Board of Public Works of said City, detail plans and specifications, complete and in particular, of all that work known as superstructure, including the retaining walls or abutments at the sides of said streets, called for by said Railroad Track Elevation Resolution No 4, at the intersection of Union Street and College Street in said City, and said Board of Public Works shall prepare or cause to be prepared and place on file at its said office, detail plans and specifications, complete and in particular of all that work called for by said Railroad Track Elevation Resolution No 4 at the intersection of said streets with said right-of-way beneath said superstructure including the approaches on said streets and sidewalks to such intersections, as well as all paving and repaving of said streets and changes in the drainage on that part of the streets the grades of which are changed by such improvements.

Be it further resolved that said City, by its Board of Public Works, and the Pennsylvania Company and the Pittsburg, Fort Wayne and Chicago Railway Company be and they are hereby required, ordered and directed to prepare, and file in the office of the Board of Public Works, at the time they file such plans and specifications, itemized estimates of the complete cost of all the work and material referred to, described and mentioned in, and shown by, each of the plans and specifications filed by it.

Be it further resolved that all of said plans, specifications and estimates of costs shall be by said Railroad Companies and said City prepared and filed in the office of said Board of Public Works

within 30 days from the time notice of the adoption of this resolution is given and received by said Companies.

Office Board of Public Works.

Fort Wayne, Indiana, July 13th 1911.

Regular meeting held at 7 30 o'clock P. M.

Present: Frank T. Benoy, G. A. Schwegman and E. J. Lemon.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution Nº 599, which provides for cement sidewalks on the west side of Harrison Street and grading the roadway from Darrow Avenue to Rudisill Avenue; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under the aforementioned resolution which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolution Nº 599 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Moellering Construction Company reported the work to be performed under Local Sewer Improvement Resolution No. 194 and Improvement Resolution Nos. 614 and 615 completed. Upon motion the report was received and placed on file.

Upon motion the City Civil Engineer was instructed to prepare primary assessment rolls for the work performed under Local Sewer Improvement Resolution No. 194 and Improvement Resolution Nos. 614 and 615.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 648, which provides for grading the alley between Fox Avenue and Indiana Avenue from Anna Street to a point 180 feet north, owing to a remonstrance having been filed against said proposed improvement the Board, upon motion, rescinded all former action taken under Improvement Resolution No. 648.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 655, which provides for cement sidewalks on the south side of Berry Street from Barr Street to Monroe Street; also against Improvement Resolution No. 656 which provides for cement sidewalks on the south side of Wagner Street from Spy Run Avenue to the east line of lot No. 27 Baltes and Romys Addition; also against Improvement Resolution No. 657, which provides for paving Maple Avenue from Broadway to Thompson Avenue; also against Improvement Resolution No. 658, which provides for paving St. Martin Street from Lafayette Street to Hanna Street; the Board now took up the remonstrance from property owners on Maple Avenue, and after carefully considering the list of resident property owners on said street finds that the remonstrants are in the minority and upon motion refused the prayer of the remonstrants; the Board also considered the remonstrance filed by property owners on St. Martin Street against the proposed improving of said street and finds that the remonstrants are in the minority and upon motion refused the prayer of the remonstrants; the Boad now finds that the benefits to adjacent and abutting property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements and upon the aforesaid resolutions were confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 659, which provides for paving Warsaw Street from St. Martin Street to Creighton Avenue, owing to a remonstrance against said proposed improvement, the Board upon motion rescinded all former action taken under Improvement Resolution No. 659.

Moved that an Assessment Roll of Benefits and Damages in the matter of opening and extending Barr Street from the north line of Creighton Heirs Addition to Dalman

Street under Declaratory Resolution No. 182 be and the same is hereby approved and that notice of same to property holders affected thereby be given according to law and that the 24th day of August 1911, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against said assessment of benefits or awards of damages as approved by the Board and take final action.

Adopted.

Regular meeting held at 3 o'clock P. M.

Present: Frank P. Benoy, G. A. Schwegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 209, which provides for straightening a portion of Spy Run Avenue at the intersection of Kamm Street; also against Declaratory Resolution No. 210, which provides for vacating the 6 foot alley on the south line of Trentman and Mannings Addition; also against Declaratory Resolution No. 211, which provides for vacating the alley on the north line of lot No. 1 Sturgis 2nd. Addition and opening an alley on the south line of lot No. 1 Sturgis 2nd Addition and there appearing no objections or remonstrances of any nature whatsoever, upon motion Declaratory Resolution Nos. 209, 210 and 211 were confirmed as in the original.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 212, which provides for opening and extending Harrison Street from the south line of Brooklyn Avenue to the north line of Grand Street, there now was presented a remonstrance by Leonard, Rose and Gollar, Attorneys for the Pittsburgh, Fort Wayne and Chicago Railway Company and Pennsylvania Company against the confirmation of the said Declaratory Resolution No. 212, which remonstrance was upon motion placed on file. Upon motion of Mr. Schwegman, seconded by Mr. Lennon the remonstrance was overruled. Upon the request of Mr. Benoy, chairman of the Board for any other remonstrances, there now was filed by Leonard, Rose and Gollar, Attorneys, a Plea in Abatement which was upon motion overruled. Motion was made by Mr. Schwegman to modify said resolution by striking out of said resolution the following words: "also a tract of land commencing at a point on the north right of way line of the Wabash Railroad Company three hundred and twelve (312) feet west of the original west line of Calhoun Street, thence south to the north line of Grand Street, thence west on the north line of Grand Street sixty (60) feet, thence north to the north right of way line of the Wabash Railroad Company, thence east on said north right of way line sixty (60) feet to the place of beginning;" which motion was seconded by member Lennon and being put by Chairman Benoy, carried by member Benoy, Schwegman and Lennon voting in the affirmative. The Chairman then declared said resolution modified as moved. It was then asked if there were any objections to the resolution as modified and there being none, the Chairman declared the resolution was ready for further consideration, whereupon member Schwegman moved that said resolution, as modified, be in all things confirmed, which motion was seconded by member Lennon, put by Chairman Benoy and carried by members Benoy, Schwegman and Lennon voting in the affirmative. Chairman Benoy then declared said resolution confirmed.

It was then moved by member Schwegman and seconded by member Lennon

that there be prepared a list or roll of all the owners or holders of property and interests sought to be taken or to be injuriously affected and a list of the owners or holders of property or of interests therein to be beneficially affected by the opening of said street, which motion was put by Chairman Benoy and carried by member Benoy, Schwegman and Lennon voting in the affirmative. Thereupon Chairman Benoy declared the motion carried.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 213, which provides for opening and extending Clinton Street from the north property line of the Pittsburgh, Fort Wayne and Chicago Railway Company to the south property line of the Wabash Railroad Company, there now was presented a remonstrance by Leonard, Rose and Gollan, Attorneys for the Pittsburgh, Fort Wayne and Chicago Railway Company and Pennsylvania Company against the confirmation of the said Declaratory Resolution No. 213, which remonstrance was upon motion placed on file. Upon motion of member Schwegman, seconded by member Lennon, the remonstrance was overruled. Upon the inquiry of Mr. Benoy, Chairman of the Board if there were any other remonstrances, there now was filed by Leonard, Rose and Gollan, Attorneys, a Plea in Abatement, which was upon motion overruled. Addresses were also made in behalf of the said Railroad Companies by C. N. Wordell, Charles W. Bullock, Henry C. Paul, Charles S. Bash and A. P. Buchman. Motion was made by member Schwegman to modify said resolution by striking out of said resolution the following words: "Also commencing at a point on the north right of way line of the Wabash Railroad Company three hundred and sixty-six and one third (366⅓) feet east of the original east line of Calhoun Street, thence south across the right of way of the Wabash Railroad Company to the north east corner of Lot "E." Hamilton's 5th Addition to the City of Fort Wayne, Indiana, thence east sixty (60) feet, thence north, parallel to the above described line, across said right of way to the north line of said Wabash Railroad right of way, thence west sixty (60) feet to the place of beginning;" which motion was seconded by member Lennon and being put by Chairman Benoy, carried by member Benoy, Schwegman and Lennon voting in the affirmative. The Chairman then declared said resolution modified as moved. It was then asked if there were any objections to the resolution as modified and there being none, the Chairman declared the resolution was ready for further consideration, whereupon member Schwegman moved that said resolution, as modified, be in all things confirmed, which motion was seconded by member Lennon, put by Chairman Benoy and carried by member Benoy, Schwegman and Lennon voting in the affirmative. Chairman Benoy then declared said resolution confirmed.

It was then moved by member Schwegman and seconded by member Lennon that there be prepared a list or roll of all the owners or holders of property and interests sought to be taken or to be injuriously affected and a list of the owners or holders of property or of interests therein to be beneficially affected by the opening of said street, which motion was put by Chairman Benoy and carried by member Benoy,

Schwegman and Cannon voting in the affirmative. Thereupon Chairman Benoy declared the motion carried.

Upon motion the City Civil Engineer was instructed to prepare plans showing the proposed opening of Harrison Street and Clinton Street over the right-of-way of the Wabash Railroad Company.

The City Civil Engineer submitted a plan showing the proposed opening of Harrison Street from the north side of Grand Street to the north right-of-way line of the Wabash Railroad Company which plan was upon motion approved.

Declaratory Resolution No 215.

For the opening and extending of Harrison Street from the north line of Grand Street to the north right of way line of the Wabash Railroad Company.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Harrison Street in the City of Fort Wayne, Allen County, and State of Indiana from the north line of Grand Street to the north right-of way line of the Wabash Railroad Company. Said opening and extending to have a uniform width of sixty (60) feet to be made by condemning and appropriating for street purposes sufficient tract and parcels of land described as follows, to-wit: Commencing at a point on the north line of the original Grand Street three hundred and twelve (312) feet west of the original west line of Calhoun Street, thence north to the north right of way line of said company, thence west on the north line of the Wabash Railroad Company's right of way sixty (60) feet, thence south to the north line of the original Grand Street, thence east on the said north line of the original Grand Street to the place of beginning. All of the above described land being situated in the east half of the north east quarter of section eleven (11) township thirty (30), north range twelve (12) east of the second principal meridian of Indiana. All as shown by a plan of such proposed opening and extending of Harrison Street as above described, now on file in the office of the Department of Public Works of the City of Fort Wayne, Indiana. The property which may be injuriously or beneficially affected by the opening and extending of Harrison Street as above described is described as all lots and parcels of land not occupied by streets and alleys lying east of a line that is half way distant between Harrison Street and Webster Street, south of the St. Mary's River, west of a line that is half way distant between Harrison Street and Colhoun Street and north of Rudisill Avenue. All of said streets and lots and lands affected by the opening and extending of a portion of Harrison Street as above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

The City Civil Engineer also submitted a plan showing the proposed opening of Clinton Street from the south right of way line of the Wabash Railroad Company to the north right of way line of the Wabash Railroad Company which plan was upon motion approved.

Declaratory Resolution No. 216.

For the opening and extending of Clinton Street from the south right of way line of the Wabash Railroad Company to the north right of way line of the Wabash Railroad Company.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Clinton Street in the City of Fort Wayne, Allen County and State of Indiana, from the south right of way line of the Wabash Railroad Company to the north right of way line of the Wabash Railroad Company. Said opening and extending to have a uniform width of sixty (60) feet to be made by condemning and appropriating for street purposes sufficient tracts and parcels of land described as follows, to-wit: Commencing at a point on the north east corner of Lot "E." in Hamiltons 5th Addition to the City of Fort Wayne, Indiana, thence north across the right of way of the Company to a point on the north right of way line of said company three hundred and sixty six and one third (366⅓) feet east of the original east line of Calhoun Street, thence east sixty (60) feet, thence south parallel with the above described line across the right of way of said company to a point on the south right of way line of said company, thence west sixty (60) feet to the place of beginning. All of the above described land being situated in the east half of the north east quarter of section eleven (11), township thirty (30) north range twelve (12) east of the second principal meridian of Indiana. All as shown by a plan of such proposed opening and extending of Clinton Street, as above described, now on file in the office of the Department of Public Works of the City of Fort Wayne, Indiana. The property which may be injuriously or beneficially affected by the opening and extending of Clinton Street as above described is described as all lots and parcels of land not occupied by streets and alleys lying east of a line that is half way distant between Calhoun Street and Clinton Street, south of the St. Mary's River, west of a line that is half way distant between Barr Street and Clinton Street and said line produced south to the City limits and north of the south of City limits line. All of said streets and lots and lands affected by the opening and extending of Clinton Street as above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved that notice to property owners affected by the opening and extending of Harrison Street from the north line of Grand Street to the north right of way line of the Wabash Railroad Company as described in Declaratory Resolution No. 215; also notice to property owners affected by the opening and extending of Clinton Street from the south right of way line of the Wabash Railroad Company to the north right of way line of said Company as described in Declaratory Resolution No. 216, be published in the Fort Wayne Daily News on the 19th and 26th days of August 1911, and the 14th day of September 1911 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against each of the aforementioned resolutions and take final action.

Adopted.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 214,

The City Civil Engineer submitted plans and estimates of the cost of the City's portion of the work to be performed under the Elevation Resolution Nº 4 at College Street and Union Street which were taken under advisement.

which provides for relocating Tennessee Avenue at its intersection with the west bank of the St. Joseph River, upon motion the same was modified by striking out the words "three hundred (300) feet" and inserting in lieu thereof the words "two hundred and fifty (250) feet"; there appearing no objections or remonstrances of any nature whatsoever, upon motion Declaratory Resolution Nº 214 was confirmed as modified.

The Pennsylvania Company filed plans and estimates of cost of Subways at College Street and Union Street covering the work to be done by Pennsylvania Company and excluding work to be done by the City of Fort Wayne, which plans and estimates were taken under advisement.

The Board then adjourned.

Railroad Track Elevation Resolution No 5.

Whereas, Taylor Street at the point where the same is crossed and intersected by the right-of-way of the Wabash Railroad Company is located in a portion of the City which is densely settled and is an important resident district of the City, and

Whereas, The maintenance of the grade crossing at that point is dangerous to the lives and property of the public, and detrimental to the business interests of the citizens of said City, and makes the use of and travel on said street by the public at said crossing dangerous, and

Whereas, A necessity exists for the alteration of said grade crossing by the elevation of the steam railroad tracks crossing said Taylor Street at said crossing,

Therefore, Be it resolved by the Board of Public Works of the City of Fort Wayne, That the alteration, by the elevation of the steam railroad tracks of the Wabash Railroad Company of the grade crossing, at the intersection of said railroad tracks with said Taylor Street is by said Board deemed necessary.

Be it further resolved, That the Wabash Railroad Company be, and it is hereby, required, ordered and directed to elevate, or cause to be elevated, the steam railroad tracks owned, or leased, maintained and operated by it at the inter-

section of said railroad tracks with Taylor Street in said City, said Company to elevate the tracks so owned, or so leased, maintained or operated, by it so that there will be a clearance or difference of between the bottom of the superstructure over such highway and under such tracks and the surface of the roadway under such tracks after such roadway or street has been depressed and lowered and at the time of the elevation of said tracks by said Company said City shall cause the surface of said Taylor Street at its intersection with said railroad tracks to be lowered and depressed from its present grade.

Be it further resolved, that Thursday October 26th 1911 at 7 30 o'clock P. M. be, and the same is hereby fixed when said Wabash Railroad Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.

This being the date and time previously fixed by the Board when the Board would hear and consider objections or remonstrances against the roll of Assessments of Benefits or awards of Damages in the matter of opening and extending Barr Street from the north line of Anniston Heirs Addition to Dalman Avenue in

accordance with Declaratory Resolution No 182 and there appearing no objections or remonstrances whatever, upon motion the roll of Assessments of Benefits and awards of Damages approved under Declaratory Resolution No 182 was confirmed as in the original and ordered forthwith delivered to the Department of Finance.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution No 578 which provides for paving Wildwood Avenue from Fairfield Avenue to Broadway; also against the work performed under Improvement Resolution No 597 which provides for paving Calhoun Street from Superior Street to Eureka Avenue; also against the work performed under Improvement Resolution No 613 which provides for paving Calhoun Street from the north line of Baker Street to to a point 82 feet south of the north line of Baker Street; also against the work performed under Improvement Resolution No 616 which provides for paving Clinton Street from Wallace Street to Pontiac Street; also against the work performed under Improvement Resolution No 629 which provides for cement sidewalks on the south side of Maud Street from Thomas Street to Holton Avenue; also against the work performed under Improvement Resolution No 653 which provides for cement sidewalk, curb and gutter on the west side of Kentucky Avenue from Forest Avenue to State Street; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Rolls covering the work performed under the aforementioned resolutions, which Assessment Rolls contain a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefit each piece or parcel of ground has received from the improvement for which it is assessed, there now appeared Thomas W. Vautz, a property owner on Wildwood Avenue, who objected to the acceptance of the work on the ground that the same was not properly done. The Board however decided that the work was done in accordance with the specifications and was a good pavement and therefor overruled the objection. Pennsylvania Company, c/o W. M. Wardlow, Supt.

Gentlemen: The City of Fort Wayne is very anxious to settle any differences that may be existing between it and you. Practically, all the details of track elevation now under consideration, including the incidents thereto, such as new track rights and street vacations for your proposed passenger station, and a street opening, have been tentatively agreed upon, except the matter of making some provision for a future opening, at Clinton Street.

City under present proposed arrangement to get only Harrison Street.

It is unnecessary to discuss the relative value of the concessions proposed to be exchanged. The City has indicated its willingness to give you four, or more, additional tracks at Calhoun Street, additional tracks at Fairfield Avenue, and Broadway, and to vacate, for you, Chicago, Webster and McClellan Streets. In return, you have offered to give the City street rights over your tracks at Harrison Street.

Concessions of benefits to Company and City.

The concessions to be made, by the City, are for the development of your property, and the improvement of your facilities for the handling of your passengers. The concessions the City expects to receive are for its development, and the improvement of its street traffic facilities. The result will peculiarly affect and benefit you, on the one hand, more than the City, while on the other hand, in the matter of street openings, the City is to be chiefly benefited. In both instances, however, you and the City are the beneficiaries. Concessions, of the kind mentioned, are good investments for both parties. If the City had more, such things, to give, that you needed for similar purposes, it would be only to glad to co-operate with you. You should manifest a similar interest in the City, by showing a willingness to help it develope. The City desires, in addition to merely street rights across Harrison Street, some understanding about street rights across Clinton Street, so that it will be certain of a future opening there.

Clinton not imperatively necessary now but will be.

Your contention, that Clinton Street is not absolutely necessary now, may be right. Can you assert definitely that it will not be needed in two or twenty years from now? And will it not be better for you, to extend your freight house, with the certain knowledge that Clinton Street is to be opened, instead of proceeding with the investment of thousands of dollars, unmindful of that fact? Then too, is it absolutely impossible for you to develop your freight house, if Clinton Street is opened? Rather, is it not true, that competent engineers, such as you have in your employ, can prepare plans, providing for a street opening, and also an extension of your freight house, satisfactory to both you and the City, especially so, if the City assures you now that it will assume the attitude of being willing to make every reasonable concession, so as to make the solving of the problem, less difficult for the engineers. For instance, concessions could be made relative to the amount of depression and clearance, also as to the point on the north side of Clinton Street, where the opening should commence, and other similar matters.

No other place east of Calhoun for opening except Clinton.

You have not yet, we have been informed, actually decided to build a freight house, across Clinton Street. Your plans for the extension, are merely prospective, and only conditional. You assert, you will need an extension sometime, perhaps never, if you did, however, you might prefer to extend in a different direction,

or to rebuild wholly at some other point. Is it speculative, unfair, or unwise then, for the City, to determine now, that some time it will be necessary to open Clinton Street, in order to accomodate its expected increase of north and south bound traffic? There is no place, east of Calhoun Street, between Calhoun and Winter Streets, where the City could secure an opening, if it ever needed an additional one, except at Clinton Street. And it must be admitted, that if the streets now crossing your railroad are overtaxed, or nearly so, they will hardly be sufficient for a City of one hundred thousand people, let alone a City of larger proportions. The traffic requirements of the City, like your freight business, become greater, as the population of the City increases.

Formerly objected to grade crossing, now new objection.

To ask for a grade crossing, over your right of way, at Clinton Street would be unfair. Your depot grounds might be ruined; street traffic would interfere with your trains, and vice versa. For this reason you always objected, to a crossing at Clinton Street, and perhaps justifiably so. Now, however, we want the street, when it is to be used, to extend and pass under your tracks, and you advance, not the old, but the new objection, that it will interfere slightly with your present, and seriously with your proposed freight house. At the present time you have no freight house across Clinton Street, and may never have one, so that now at the most its extension south may only slightly interfere, with the property owned by you, along your right of way, between Clinton and Calhoun, being used in exactly the way you would like to use it. The manner of the using of your property, should, really, be subject to the superior demands and necessities of the City.

Engineers can arrange for street and freight house.

The situation, then, if your property to the west of Clinton Street, cannot be utilized to advantage, although the City thinks engineers can show otherwise, resolves itself into this: which one of the two supposedly conflicting uses is the more important? The eventual opening and using of Clinton Street under your right of way, or the development and use, by you, of your small piece of property between Clinton and Calhoun Streets, without the extension of Clinton Street south. Time will best determine the wisdom and justice, of the request made by the City. Neither one of the uses is absolutely or imperatively necessary right now.

City proposes merely street rights.

Consequently the City desires, to make you the following proposition: You simply give the City, at this time, street rights across your right of way at Clinton Street, with the understanding that the City is not to use the same as a grade crossing, providing, however, that its failure to so use it, will not affect its right, to consider it, as a street, for future separation of grades, and otherwise.

City does not ask for immediate opening.

However, the City does not ask, that it be opened at once, or, that it be used as a street at once. The City is willing to let the future decide whether there is a necessity, or not, for its opening. At the present time, the City wants nothing, but street rights.

across your right of way, to connect with those secured from the Wabash Railroad Company. The City will though, if you prefer, fix a limit of a certain number of years, before the expiration of which time, it will not ask, or take any steps relative to an opening, whether its necessity become imperative, before that time or not.
Not even that clearance etc. be decided now.

Under this proposition the City does not even ask that an agreement be entered into, at this time, describing the manner of the elevation, or the amount of clearance, the amount of depression, or any of the other details. The City is willing to leave all that, to be arranged for at some other time. So when the necessity, and demand for the opening imperatively exists, and you should still have in mind the extension of your freight house, you can unquestionably arrange to start the opening back, sufficiently north, from your property, with a satisfactory amount of clearance and depression, that will accomadate your needs, and those of the City as they may then exist.

Details other than street rights to be agreed upon later.

In short, the City only wants street rights at Clinton Street. The other details, such as, the time, and manner of the actual opening, the City believes, can be agreed upon, pretty much, as you desire, within reason; the only further concession the City could make would be to eliminate Clinton Street entirely from the negotiations, but this, you must understand, it cannot do.

City cannot eliminate Clinton Street from Agreement.

In reply, you may suggest, that the City close up, all matters west of Calhoun Street, and proceed under the resolution, already adopted, with the condemnation for street rights, at Clinton Street, across your right of way. The City, however, cannot with any degree of wisdom, or foresight, consent to entirely eliminate, from the proposed agreement, the matter of street rights at Clinton Street. For in the condemnation proceedings, mentioned, the objection was raised, that the City, without any legal right, was endeavoring to condemn property belonging to you, devoted to passenger station and freight house purposes. The objection being based on the ground, that the City has no grant of power, to condemn station grounds, such as yours at Clinton Street, for street purposes; that the right to condemn for a street, over the tracks or right of way of a railroad, does not include the power, to condemn through station grounds. If there be any merit in this contention, the City, by utilizing its present advantage to negotiate, and trade, can insure against that defect in the law, if it really so exists, and also be freed from the harm of any other latent defects, if any there be, in the existing law, and from all possible technical errors, incident to litigation. Consequently, if Clinton Street, is ever to become a continuous street, through negotiations at least, preparatory provisions with that end in view must be made now.

Request for Conference.

Therefore, the City will be pleased and anxious to hear from you, or, to confer with you, at your earliest convenience.

Respectfully Yours.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Indiana Avenue from the alley between Organ Avenue and Kuttman Avenue to Kuttman Avenue, on Kuttman Avenue from Indiana Avenue to the alley between Indiana Avenue and Ramsey Avenue and in the alley between Indiana Avenue and Ramsey Avenue from Kuttman Avenue to Dayton Avenue; said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Adopted.

Local Sewer Improvement Resolution No 207.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adopted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Brakenridge Street and Baker Street from the alley west of McClellan Street to McClellan Street; said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Adopted.

Local Sewer Improvement Resolution No 208.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Thomas Street and Oliver Street from the north line of McKee Street to Erkart Street; said sewer shall be twelve and fifteen inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said City.

Adopted.

Moved that notice to property owners of the adoption of Local Sewer Improvement Resolution Nos 205, 206, 207 and 208 be published in the Fort Wayne Daily News on the 9th and 16th days of December, 1911 and the 4th day of January 1912, at 7 30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against each of the aforementioned resolutions

and will decide whether the benefits that will accrue to the property to be assessed abutting and adjacent to each of the aforementioned improvements and to said City, if any, will be equal to or exceed the estimated cost of the proposed improvements.

Adopted.

A communication was received from the Beer-Offutt Construction Co. requesting the Board to make an assessment for the work performed under Improvement Resolution Nos. 665 and 668, and authorizing the Board to withhold from the money collected for said work the sum of $100.00 for the work performed under Improvement Resolution No. 665, and $400.00 from the money collected for the work performed under Improvement Resolution No. 668. This money to be held as a guaranty that said Beer-Offutt Construction Co. will make all necessary repairs to the aforementioned work which was somewhat damaged by unseasonable weather conditions. Upon motion the request was granted and the City Civil Engineer was instructed to prepare primary Assessment Rolls for the above work.

The petition of Timothy Foohey for permission to construct under private contract a stone flag sidewalk on Buchanan Street abutting on lot No. 76 Lasselle's Addition was taken under advisement.

The Plumbers Bond of Henry Jobst was upon motion approved.

Upon motion the City Civil Engineer was instructed to prepare plans and specifications for the following improvements: for a sewer on Colerick Street from Hanna Street to the 1st alley east of Hanna Street, in the 1st alley east of Hanna Street from Colerick Street to the 1st alley south of Colerick Street and relaying the sewer in the 1st alley east of Hanna Street from Colerick Street to McKee Street.

The Board now took a recess until December 8th 1911 at 2 o'clock P. M.

The Board reconvened at 2 o'clock P. M. December 8th 1911.

The following communication was now presented to the Board:

Fort Wayne, Indiana, December 8th 1911.

Board of Public Works: Gentlemen: In submitting my bids for the work to be performed under Improvement Resolutions Nos 201 and 202, I failed to include the cost of the pipe, which accounts for the difference between my bid and the bids of other contractors submitted. I respectfully petition your Honorable Board to allow me to withdraw my proposals as it will be a hardship and a great loss of money to me to perform the work at the price submitted.

Respectfully

F. D. Kruse.

It appearing to the satisfaction of the Board that Mr. Kruse had made a great mistake in his proposals, and in view of the fact that said proposals were very much below the City Civil Engineer's estimate of the cost of said work and the Board not being desirous of taking advantage of said mistake, the

Board now upon motion allowed Mr. Kruse to withdraw his proposals for the work to be performed under the above resolutions.

The Board now upon motion awarded the contract for the work to be performed under Local Sewer Improvement Resolutions Nos. 201 and 202 to Moellering Construction Company, they being the second lowest and best bidder.

The Board then adjourned.

Fort Wayne, Indiana, February 12th 1912.
Regular meeting held at 7:30 o'clock P. M.
Present: Frank T. Benoy, G. A. Schmegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits or awards of damages in the matter of condemning a right-of-way for sewer purposes across the south ten feet of the north one hundred and forty-two feet of the east one hundred and thirty-two feet of Ewing's Out Lot No. 3 in the south west fractional quarter of Section 14, Township 30, North Range 12 East in accordance with Declaratory Resolution No. 220, upon motion the hearing was postponed until February 15th 1912, at 7:30 o'clock P. M. by reason of the fact that notice could not be served on one of the property owners affected by said improvement, and notice had to be given by registered letter.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 209, which provides for a sewer in the alley between Thomas Street and Holton Avenue from McKee Street to Erkart Street; also against Local Sewer Improvement Resolution No. 210, which provides for a sewer in the alley between High Street and Sinclair Street from a point 270 feet east of Leora Street to Leora Street; also against Main Sewer Improvement Resolution No. 29, which provides for a sewer on Hoagland Avenue from a point 80 feet south of the south line of Darrow Avenue to the Alley south of French Avenue, thence east in said alley to Webster Street, the Board finds that the benefits to abutting and adjacent property, including the benefit to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 678 which provides for cement sidewalks on both sides of Columbia Street and Columbia Avenue from the N. Y. C. and St. L. R. R. to Crescent Avenue, upon the request of Jacob Funk and 57 others the Board now modified the aforesaid resolution to read as follows: "and paving with cement to a width of five (5) feet from St. Joe Boulevard to Crescent Avenue;" after being so modified the Board finds that the benefits to abutting and adjacent property including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as modified.

No contract having been awarded for the work to be performed under Improvement Resolution No. 660, the Board now upon motion rescinded all former action taken under Improvement Resolution No. 660.

The request of the Fort Wayne and Northern Indiana Traction Company for permission to set 4 poles in the alley between Reynolds and Chestnut Street from Dubois to Warren Street was upon motion granted.

The petition of Geo. Biemer and 9 others which provides for vacating Canal Street from Clay Street to Hanna Street was taken under advisement.

The contract and bond of the Moellering Construction Co. covering the work to be performed under Local Sewer Improvement Resolution No. 205 was upon motion approved.

The request of the City Clerk for a new City Seal was taken under advisement.

The City Civil Engineer submitted plans and specifications for the following

public improvements: opening and extending Coombs Street and widening the west portion of Herbert Street from the northern terminus of Coombs Street to the Maumee River; paving Butler Street from Clinton Street to Lafayette Street; paving Kinnaird Avenue from Fairfield Avenue to Broadway; paving Walnut Street from Fairfield Avenue to Miner Street; paving South Wayne Avenue from Creighton Avenue to Organ Avenue; paving Harrison Street from the alley south of Grand Street to Butler Street; paving Hoestis Avenue from Broadway to Thompson Avenue; paving Fourth Street from Calhoun Street to Clinton Street; paving Maumee Avenue from Walton Avenue to Warren Street; paving Superior Street from Calhoun Street to Wells Street; paving Lake Avenue from Crescent Avenue to Walton Avenue; paving Maiden Lane from Main Street to Pearl Street; paving Wells Street from Superior Street to the Bridge crossing the St. Mary's River; paving Harrison Street from Main Street to Superior Street; Harrison Street from Superior Street to the north property line of Mary E. Pentman's subdivision; paving Wayne Street from Grant Avenue to Glasgow Avenue. Upon motion the above plans and specifications were approved.

Declaratory Resolution No. 223.

For the opening and extending of Coombs Street and the widening of the west portion of Herbert Street from the northern terminus of Coombs to the Maumee River.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Coombs Street and widen the west portion of Herbert Street, both in the City of Fort Wayne, County of Allen and State of Indiana, from the northern terminus of Coombs Street to the Maumee River; said opening and extending and widening to be made by condemning and appropriating for street purposes sufficient tracts and parcels of land described as follows: the south ten (10) feet of lot No. 18 John H. Vesey's 1st Addition; the south ten (10) feet the west by seventeen (17) feet on the east of lot No. 19 John H. Vesey's 1st Addition. All of lot No. 20 and the west 30 feet of lot No. 21 John H. Vesey's 1st Addition; also all that part of Begue's Out Lot No. 5 lying west of a point that is Four hundred sixty nine feet and three inches west of the north east corner of lot No. 28, John H. Vesey's 1st Addition and at right angles to the north line of said Addition. All of the above described tracts and parcels of land being situate in the East 1/2 Section One. T. 30, N. R. 12 E.

All as shown by a plan of such proposed opening and extending of Coombs Street and widening of the west portion of Herbert Street as above described now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the opening and extending of Coombs Street and the widening of the west portion of Herbert Street as above described is described as all lots and parcels of land not occupied by streets or alleys lying south of Elmwood Avenue, East of Crescent Avenue, North of Edgewater Avenue and East of Oneida Street; also south of Maumee Avenue, west of Schick Street and Schick Street produced north to Maumee River, north of Maumee Avenue and East of Harmer Street. All of said streets and lots and lands affected by the opening and extending of Coombs Street and the widening of the west portion of Herbert Street as above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

The Board ordered the following proposition submitted to the Pennsylvania Company;

Fort Wayne, Indiana, February 10th 1912.

W. W. Wardrop, Supt. Pennsylvania Company, City.

Dear Sir: Recently there was filed with the City, by the Citizens Committee, certain recommendations or findings relative to the elevation of the tracks of your Company. Now, for the purpose of having the work finished west of Calhoun Street, during the coming year, the City desires to submit, for your consideration, the following proposition:

First: In accordance with the recommendations or findings of the aforesaid committee, and the request of your company on file in this office, the City will grant your Company the additional track rights, requested at Calhoun Street, Fairfield Avenue, Broadway, Union and College Streets:

(a) The City will vacate Chicago, Webster, McClellan Streets and the alley between Baker and Chicago Streets, as shown by your plan, filed with your request for said vacations.

The City will require,

First: That your Company give the City street rights at Harrison Street to connect with those already secured from the Wabash Company, so as to make said street continuous.

(a) That your Company, during the year 1912, elevate your tracks at Union and College Streets, and at Harrison Street not later than 1913, and at the time the Wabash Company elevates its tracks at that point, in accordance with its agreement, on file with the City.

(b.) That your Company build its passenger station on Baker Street, according to the plans heretofore submitted to the City; said building to be commenced, not later than April 1st 1912.

(c) That your Company agree not to build across Clinton Street, before

January 1st 1915; it being understood that said agreement shall not constitute a waiver of any of the rights of the City, at said Clinton Street, or as an abridgment, or bar of the right of said City to continue its proceedings and litigation for the opening of said street across your right of way.

(d) That your Company also co-operate with the City in the elevation of the tracks east of Calhoun Street, whenever appropriate legal action is taken by the City.

(e) That your Company, as heretofore agreed, release the City from the payment of $2000.00, which the City in a certain contract in 1909 agreed to pay for additional width at Calhoun Street and Broadway.

(f) That your Company do the incidental things in connection with the work west of Calhoun Street, such as the widening of Baker Street, etc., all as tentatively agreed upon by the City and your Company in part negotiations.

That the position of the City may be definitely understood, we wish to advise you that it is intended, whether this proposition is accepted or not, to do the following things:

First: To adopt, without delay, a resolution for the elevation of your tracks at Walton Avenue, providing for the doing of the work during the year 1912 or 1913; also a resolution for extending Garden Street over your right of way, and to later adopt an assessment roll, for the opening of said street, showing the benefits and damages, equal.

(a) That the City will continue the proceedings for the elevation of the tracks at College and Union Streets.

Respectfully Yours
The City of Fort Wayne,

The City Civil Engineer was also instructed to make a survey of Clinton Street from Superior Street to the City limits for the purpose of determining the feasibility of constructing cement sidewalks abutting on said street.

The Board now upon motion took a recess until March 1st 1912 at 9 30 o'clock A. M.

The Board reconvened at 9 30 o'clock A. M. March 1st 1912, all members being present. This now being the date and time fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 691, which provides for paving Harrison Street from Main Street to Superior Street, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City, if any, are equal to or exceed the estimated cost of the proposed improvement, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

It appearing to the satisfaction of the Board that what at first glance appeared to be a remonstrance against Improvement Resolution No 683, which provides for paving Harrison Street from the alley south of Grand Street to Butler Street, in reality was only a request to postpone the paving of said street for one year, the Board upon motion reconsidered its action taken on February 29th 1912, when it rescinded all action previously taken under Improvement Resolution No 683.
Upon motion of Mr. Cannon, seconded by Mr. Schmegman the Board now set aside its action of rescinding Improvement Resolution No 683 on the 29th day of February, 1912 and fixed Monday, March 4th 1912 at 3 o'clock P. M. a date and time when they would further consider the aforesaid request and take final action.

The Board then adjourned.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Main Sewer Improvement Resolution No. 27, which provides for a Main Sewer commencing at the brick sewer on Cottage Avenue at its intersection with Beaver Avenue, thence south on Beaver Avenue to the alley between Wildwood Avenue and Kinnaird Avenue, thence east in the alley between Wildwood Avenue and Kinnaird Avenue to Indiana Avenue, thence south on Indiana Avenue to the center line of Wayne Township Out Lot No. 7, thence west on the center line of Wayne Township Out Lot No. 7 to Beaver Avenue, thence south on Beaver Avenue to the center line of Ewings Out Lot No. 5, thence east on the center line of Ewings Out Lot No. 5, and in the alley between Dayton Avenue and Burnett Avenue to South Wayne Avenue; also the following branches: in the Alley between Wildwood Avenue and Kinnaird Avenue from Indiana Avenue to South Wayne Avenue; in the alley between Kinnaird Avenue and Packard Avenue from Indiana Avenue to South Wayne Avenue; in the alley between Packard Avenue and Organ Avenue from Indiana Avenue to South Wayne Avenue; in the alley west of Fairfield Avenue from Dayton Avenue to the alley between Dayton Avenue and Kuttman Avenue, thence west in the alley between Kuttman Avenue and Dayton Avenue to South Wayne Avenue, thence north on South Wayne Avenue to the alley between Organ Avenue and Kuttman Avenue, thence west in the alley between Organ Avenue and Kuttman Avenue to Indiana Avenue, thence north on Indiana Avenue to a point 140 feet north of Organ Avenue; in the alley west of Indiana Avenue from Organ Avenue to Kuttman Avenue and thence west in the alley between Organ Avenue and Kuttman Avenue to Beaver Avenue; in the alley west of Indiana Avenue from Kuttman Avenue to Dayton Avenue and in the alley between Kuttman Avenue and Dayton Avenue to Beaver Avenue; in the alley between Organ Avenue and Kuttman Avenue from Beaver Avenue to a point 150 feet west of the east line of Young's Addition; in the alley between Kuttman Avenue and Dayton Avenue from Beaver Avenue to the alley west of Beaver Avenue, who a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the Work performed under the aforementioned resolution, which Assessment Roll contains a description of each piece or parcel of ground thus assessed together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefit each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Main Sewer Improvement Resolution No. 27 was finally accepted and

the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 222, which provides for opening and extending Fourth Street from Clinton Street to Spy Run Avenue upon motion the hearing was postponed until March 18th 1912, at 3 o'clock P. M. for further consideration.

The Board now took up the request of Chas. Rodeman and others to defer the paving of Harrison Street from the alley south of Grand Street to Butler Street under Improvement Resolution No. 683. After carefully considering the request, the Board upon motion refused the prayer of the petitioners. The Board now finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances, upon motion the aforesaid resolution was confirmed as in the original.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 685, which provides for paving Fourth Street from Calhoun Street to Clinton Street the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvement and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as in the original.

A petition was received from Adam Baus and 4 others for paving St. Mary's Avenue from Putnam Street to Archer Avenue, which was placed on file.

A petition was received from Wm. Dochman and 4 other for cement sidewalks on both sides of Washington Boulevard East from Hanna Street to Glasgow Avenue which was granted and the City Civil Engineer was instructed to prepare plans and specifications for 6 foot walks.

The petition of Fred. Bleke and 6 others for cement sidewalks on both sides of State Street from the St. Joseph River to Parnell Avenue and the placing of the tracks of the Fort Wayne and Northern Indiana Traction Company in the middle of State Street was taken under advisement.

The plat of Wayne Haven Addition was upon motion approved

The Plumbers Bond of Jahn and Meyer was upon motion approved.

The petition of The Wildwood Builders Company and 2 other which provides for

paving Wildwood Avenue from Hoagland Avenue to Webster Street was upon motion granted and the City Civil Engineer was instructed to prepare plans and specifications for same.

The petition of W. E. Metcalf and 13 others which provides for paving Wildwood Avenue from Fairfield Avenue to Hoagland Avenue was upon motion granted and the City Civil Engineer was instructed to prepare plans and specifications for same

Moved that notice to contractors of the work to be performed under Improvement Resolution Nos 679, 680, 681, 682, 683, 685, 686, 687, 688, 689, 690, 691, 692 and 693 be published in the Fort Wayne Daily News on 5th and 12th days of March 1912, and the 21st day of March 1912, at 7:30 o'clock P. M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS

H. W. Becker

Office Board of Public Works

Fort Wayne, Indiana, March 7th 1912.

Regular meeting held at 7:30 o'clock P. M.

Present: Frank T. Benoy, G. A. Schwegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would receive and open sealed proposals for various work to be performed under public contract, the Board now proceeded to open such proposals and obtained the following results:

for the work to be performed under Main Sewer Improvement Resolution No 29, which provides for a Main sewer on Hoagland Avenue from a point 80 feet south of the south line of Darrow Avenue to the alley south of French Avenue, thence east in said alley to Webster Street:

Moellering Construction Co	bid per lineal foot complete	$1.26
Linton Rieg	" " " " "	1.40

Upon motion the contract for the work to be performed under Main Sewer Improvement Resolution No 29 was awarded to Moellering Construction Company, they being the lowest and best bidders.

Local Sewer Improvement Resolution No 206, which provides for a vitrified clay pipe sewer on Indiana Avenue from the alley between Organ Avenue and Kinnaman

Avenue to Kuttman Avenue, on Kuttman Avenue from Indiana Avenue to the alley between Indiana Avenue and Ramsey Avenue and in said alley from Kuttman Avenue to Dayton Ave:

Moellering Construction Co	bid per lineal foot complete	.95 cts
Anton Rieg	" " " "	$1.10

Upon motion the bids were taken under advisement until Monday, March 11th 1912, at 3 o'clock P. M.

Local Sewer Improvement Resolution No 209, which provides for a vitrified clay pipe sewer in the alley between Thomas Street and Holton Avenue from McKee Street to Eckard St

Moellering Construction Co	bid per lineal foot complete	.82 cts
Fred. H. Fuelling	" " " "	.82
Anton Rieg	" " " "	.84

There being a tie between Moellering Construction Company and Fred. H. Fuelling, the Board decided the tie by drawing straws, Fred. H. Fuelling being the lucky one, and the contract was awarded to him accordingly.

Local Sewer Improvement Resolution No 210, which provides for a vitrified clay pipe sewer in the alley between High Street and Sinclair Street from a point 270 feet east of Leora Street to Leora Street:

Moellering Construction Co	bid per lineal foot complete	$1.14

This being the only bid submitted and the same being above the City Civil Engineer's Estimate, the Board upon motion rejected the same.

Improvement Resolution No 678, which provides for cement sidewalks on both sides of Columbia Street and Columbia Avenue from the N. Y. C. & St. L. R. R. to Crescent Avenue:

John & Ed. Grosjean bid	per lineal foot complete for	7' walk	.83 3/4 cts
" " " "	" " " "	5' "	.59 3/4
Brooks Construction Co	" " " "	7' "	.87
" " " "	" " " "	5' "	.63 9/10
Moellering Construction Co	" " " "	7' "	.88
" " " "	" " " "	5' "	.65

Upon motion the contract for the work to be performed under Improvement Resolution No 678 was awarded to John & Ed. Grosjean they being the lowest and best bidders.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of Assessments of Benefits or awards of Damages in the matter of vacating the alley east of Monroe Street from the alley north of Wayne Street to the north line of Moran's Sub. in accordance with Declaratory Resolution No 219, and there appearing no objections or remonstrances whatever, upon motion the roll of Assessments of Benefits and awards of Damages approved under Declaratory Resolution No 219 was confirmed as in the original and ordered delivered to the Department of Finance.

The City Civil Engineer submitted plans for the following public improvements:

for opening and extending Barthold Street from the St. Mary's River to Michaels Avenue; for opening, extending and widening Barthold Street from the St. Mary's River to the alley south of Putnam Street; for opening and extending Carr Street from Sixth Street to the south line of Putnam Street extended east to Carr Street as extended north; for opening and extending Calhoun Street from the south line of the Old Feeder Canal property to the south line of Putnam Street, extended east to intersect Calhoun Street, extended north; for opening and extending Putnam Street from Wells Street to the east line of Calhoun Street produced north to intersect the south line of Putnam Street produced east. Upon motion the plans were approved.

Declaratory Resolution No. 224.

For the opening and extending of Barthold Street from the St. Mary's River to Michaels Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Barthold Street, in the City of Fort Wayne, County of Allen and State of Indiana, from the St. Mary's River to Michaels Avenue; said opening and extending to be made by condemning and appropriating for street purposes a strip of land fifty (50) feet in width, the same to be twenty-five (25) feet on each side of the center line of Barthold Street north of the St. Mary's River produced south to its intersection with Michaels Avenue.

All as shown by a plan of such proposed opening and extending of Barthold Street as above described now on file in the office of the Department of Public Works of said City. The cost of said opening and extending and all expenses connected therewith to be assessed against the property benefitially affected thereby. All of said street and lots and lands affected by the opening and extending of said Barthold Street as above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution No. 225.

Office Board of Public Works.

Fort Wayne, Indiana, March 11th 1912.

Regular meeting held at 3 o'clock P. M.

Present: Frank P. Benoy, G. A. Schmeguan and C. J. Lennon.

Upon motion the bids submitted for the work to be performed under Local Sewer Improvement Resolution No 206 were taken under further advisement until March 12th 1912, at 3 o'clock P. M.

The proposal of the Crown Metal Construction Company to furnish 2 steel cases, one for the vault in the Board of Public Works office, the other for the City Civil Engineer Office, for the sum of $488.80 was upon motion accepted.

The resignation of Oscar J. Blaising, clerk to the Building Inspector, was accepted with regret.

The application of Henry G. Allgeier for the position of clerk to the Building Inspector was received and placed on file.

A remonstrance was presented by F. M. Smith and 8 others against the proposed paving of Superior Street from the east line of Calhoun Street to the west line of Wells Street, which was referred to the clerk to determine the number of resident property owners on said street, as was the remonstrance of Sarah Wolf and 3 others against the proposed improvement of Wayne Street from Walton Avenue to Glasgow Avenue.

The Sidewalk Builders Bond of Fred. Giemendorff was upon motion approved.

A petition was received from Fort Wayne Builders Supply Co. and 4 others which provides for paving Hayden Street from Nanna Street to Gay Street which was upon motion placed on file.

A petition was received from C. E. Bond and others for the following public improvements: opening and extending Bond Avenue across lot No 1 of Ewings Out Lots; opening and extending Kuttman Avenue east to Hoagland Avenue on the line between Fairfield's Out Lot No 4 and Ewing's Out Lot No 1, to connect with Darrow Avenue; opening and extending Dayton Avenue from South Wayne Avenue to Hoagland Avenue on the line between lots Nos 2 and 7 of Ewing's Out Lots; opening and extending Burnett Avenue from Fairfield Avenue to Hoagland Avenue on the line between Ewing's Out Lots Nos 8 and 9. Upon motion the petition was taken under advisement with the City Civil Engineer.

Upon the petition of the Olch Coal Company, the City Attorney was instructed to prepare Articles of Agreement granting the petitioner permission and authority to construct and operate a single track into its Coal yard south of Murray Street.

The City Attorney was also instructed to prepare Articles of Agreement granting the N. J. C. and St. L. Railroad permission and authority to construct an additional track across Harrison Street.

Upon motion the City Civil Engineer was instructed to prepare plans and specifications for cement sidewalks on the north side of Wayne Street from Harmer Street to Walton Avenue and on the south side of Wayne Street from Harmer Street to Glasgow Avenue.

Upon motion the City Attorney and City Civil Engineer were instructed to prepare specifications and a resolution for constructing and repairing sidewalks in accordance with an Act of the General Assembly of the State of Indiana, approved March 8th 1909.

The Board now took a recess until March 12th 1912 at 3 o'clock P. M.

The Board reconvened at 3 o'clock P. M. March 12th 1912.

The clerk was instructed to submit to the Common Council for approval a contract entered into with Hetherington and Berner of Indianapolis, Ind. for the furnishing of an Asphalt Repair Plant.

The Board having carefully considered the bids submitted for the work to be performed under Local Sewer Improvement Resolution No 206, upon motion now awarded the contract to the Moellering Construction Company, they being the lowest and best bidders.

The clerk submitted a report showing that the remonstrators against the paving of Superior Street from the east line of Calhoun Street to the west line of Wells Street under Improvement Resolution No 687, also the remonstrators against the paving of Wayne Street from Grant Avenue to Glasgow Avenue under Improvement Resolution No 693 were in the majority of the resident property owners on said streets, whereupon the Board, upon motion sustained the prayer of the remonstrants.

The Board deeming it an absolute public necessity that Superior Street between Calhoun Street and Wells Street be paved, the present condition of the pavement being unsafe and beyond any reasonable repair, upon motion instructed the clerk to submit a request from the Board to the Common Council to order, by ordinance, as provided for in an Act of the General Assembly of the State of Indiana, approved March 6th 1905, the improvement of said Superior Street as above mentioned.

The Board then adjourned.

Upon motion the Board now made a preliminary order designating Trinidad Pitch

Lake Sheet Asphalt as the material to be used in paving streets under Improvement Resolutions Nos. 679, 681, 682 and 683; also an order designating Quchoned Bituminous Concrete as the material to be used in paving streets under Improvement Resolutions Nos 680 and 688; also an order designating Vitrified Shale Block as the material to be used in paving streets under Improvement Resolution Nos. 685, 686, 689, 691 and 692, and fixed Tuesday April 2nd 1912 at 10 o'clock the date and time when petitions for material other than that designated by the Board for the above mentioned improvements must be filed.

A remonstrance having been filed against Improvement Resolution No 687, which prevented the Board from accepting bids for the work to be performed under the aforesaid Resolution, the Board refused to accept bids at this time for the paving of Wells Street under Improvement Resolution No. 690, deeming it not feasible to pave Wells Street without paving Superior Street, the one street being practically part of the other.

The City Civil Engineer submitted plans for the following public improvements: widening Parkard Avenue from Indiana Avenue to Beaver Avenue; opening and extending Beaver Avenue from Broadway to Home Avenue; opening an alley on the south line of the right-of-way of the P. Ft. W. and C. R. R. from Garden Street to the west line of lot No 152 Swinney's Addition; opening and extending Howell Street from the east line of Rockhill Heir's Addition to Custer Avenue; opening and extending Koenig Street from Colerick Street to the alley north of Colerick Street. Upon motion the plans were approved.

Declaratory Resolution No 229.

For the widening of Parkard Avenue from Indiana Avenue to Beaver Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to widen Parkard Avenue in the City of Fort Wayne, County of Allen and State of Indiana, from Indiana Avenue to Beaver Avenue to a width of fifty (50) feet. Said widening to be made by condemning and appropriating for street purposes sufficient tracts and parcels of land described as follows: Commencing at the south-east corner of Parkard Avenue and Beaver Avenue, thence south nine and three tenths (9 3/10) feet; thence north easterly across Lots numbered 1 to 15, both inclusive, of Ropa's 1st Addition, to the south west corner of Parkard Avenue and Indiana Avenue; thence west on the north line of Lots numbered 15 to 1, both inclusive, of Ropa's 1st Addition to south-east corner of Packard Avenue and Beaver Avenue; also commencing at the north-east corner of Parkard Avenue and Beaver Avenue; thence north fifteen and seven tenths (15 7/10) feet; thence north-easterly to a point on the west line of Indiana Avenue that is twenty-five (25) feet north of the north-west corner of Parkard Avenue and Indiana Avenue; thence south twenty-five (25) feet to the northwest corner of Parkard Avenue and Indiana Avenue; thence west to the northeast corner of Packard Avenue and Beaver Avenue. All of the above described lots and parcels of land being situated in the north-west 1/4, Section 14, Township 30, North Range 12, East. All as shown by a plan of such proposed widening of Packard Avenue as above described now on file in the office of the Department of Public Works of said City. The property which

may be injuriously or beneficially affected by the widening of Packard Avenue as above described is described as all lots and parcels of land abutting on Packard Avenue between Fairfield Avenue and Broadway.

Adopted.

Declaratory Resolution No. 230.

For the opening and extending of Beaver Avenue from Broadway to Home Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Beaver Avenue in the City of Fort Wayne, County of Allen and State of Indiana, from Broadway to Home Avenue. Said opening and extending to be made by condemning and appropriating for street purposes sufficient tracts and parcels of land described as follows: Commencing at the north-east corner of Lot No. 1 Felts Amended Addition; thence west forty (40) feet; thence south parallel with the east line of Felts Amended Addition across Lots Numbers 1, 2, 3, 4, 5 and 8 Felts Amended Addition to the north line of Home Avenue; thence east forty (40) feet; thence north to the north-east corner of Lot Number 1 Felts Amended Addition. All of the above described lots and tracts of land being situated in the North East 1/4, Section 15, Township 30, North Range, 12 East. All as shown by a plan of such proposed opening and extending of Beaver Avenue as above described now on file in the office of the Department of Public Works of said City.

The property which may injuriously or beneficially affected by the opening and extending of Beaver Avenue as above described is described as all lots or parcels of land not occupied by streets or alleys abutting on Broadway between Creighton Avenue and Sanilla Avenue; also all property lying west of a line that is halfway distant between Beaver Avenue and Indiana Avenue produced north and south from Sanilla Avenue to Rudisill Avenue, north of Rudisill Avenue and east of a line that is three Hundred feet west of Beaver Avenue produced north and south from Rudisill Avenue to Broadway and east of Broadway and south of Sanilla Avenue.

Adopted.

Declaratory Resolution No. 231.

For the opening of a ten foot alley on the south line of the Right-of-way to the Pittsburgh, Fort Wayne and Chicago Railway from Garden Street to the west line of Lot No. 152 Swinney's Addition, extended.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend the alley south of the south Right-of-way line of the Pittsburgh, Fort Wayne and Chicago Railway from Garden Street to the west line of Lot No. 152 Swinney's Addition, extended. Said opening and extending to be made by condemning and appropriating for alley purposes sufficient tracts and parcels of land described as follows: the north ten (10) feet of a tract of land lying west of Garden Street, north of Wall Street, east of Lot No. 169 Swinney's Addition, extended, and south of the Pittsburgh, Fort Wayne and Chicago Railway; also the north ten (10) feet of Lots 152 to 169 both inclusive of Swinney's Addition, extended, and including the north ten (10) feet of vacated Riedmiller Avenue. All of the above described lots and tracts of land being situated in the North East 1/4, Section 10, Township 30, North Range, 12, East. All as shown by a plan of such proposed opening and extending of said alley as above described now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the opening and extending of the alley as described is described as all lots and parcels of land not occupied by streets or alley lying south of the Pittsburgh, Fort Wayne and Chicago Railway, west of Garden Street, north of Wall Street and east of Pauline Street.

Adopted.

Declaratory Resolution No. 232.

For the opening and extending of Howell Street from the east line of Rockhill Heirs Addition to Custer Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Howell Street in the City of Fort Wayne, County of Allen and State of Indiana, from the east line of Rockhill Heirs Addition to Custer Avenue. Said opening and extending to be made by condemning and appropriating for street purposes sufficient tracts and parcels of land described as follows: the south five (5) feet of lot No. 14, all of lot No. 15 and the north five (5) feet of lot No. 16 Block "A" Wayne Heights; also the following part of the south part of Lot No. 20 of Ewing's Out Lots: Commencing at a point where the north line of Howell Street produced east intersects the west line of Lot No. 20 of Ewing's Out Lots; thence east on the north line of Howell Street produced east across said Out Lot No. 20 to the east line thereof; thence south fifty (50) feet; thence west parallel with the above described north line to the west line of said Out Lot No. 20; thence north fifty (50) feet to place of beginning. All of the above described lots and tracts of land being situated in the North East 1/4, Section 3, Township 30, North Range 12, East. All as shown by a plan of such proposed opening and extending of Howell Street as above described now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the opening and extending of Howell Street as above described is described as all lots or parcels of land not occupied by streets or alleys lying south of the alley north of Howell Street, west of the south line of Feeder Addition, north of the alley south of Howell Street, and said alley produced east across Feeder Addition and east of the Grand Rapids and Indiana Railroad.

Adopted.

Declaratory Resolution No. 233.

For the opening and extending of Koenig Street from Colerick Street to the Alley north of Colerick Street.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Koenig Street in the City of Fort Wayne, County of Allen and State of Indiana, from Colerick Street to the alley north of Colerick Street. Said opening and extending to be made by condemning and appropriating for street purposes Lot No. 8 of John H. Vesey's 2nd Addition, situated in the North-West 1/4, Section 13, Township 30, North Range 12, East. All as shown by a plan of such proposed opening and extending of Koenig Street as above described now on file in the office of the Department of Public Works of said City. The property which may be injuriously or beneficially affected by the opening and extending of Koenig Street as above described is described as all lots and lands not occupied by streets or alleys lying south of the alley south of Keith Street, west of the alley west of Kenwa Street,

Fort Wayne, Indiana, April 2nd 1912.
Special meeting held at 10 o'clock A. M.
Present: Frank T. Benoy, G. A. Schmegman and E. J. Lennon.

This being a date and time previously fixed by the Board when they would receive petitions for change of material other than that selected by the Board for paving various Streets, bids for which were received on the 21st day of March 1912, petitions were now presented by resident property owners on Kinnaird Avenue between Fairfield Avenue and Broadway, and also by property owners on Walnut Street between Fairfield Avenue and Miner Street, asking for a change of material. Upon motion the Board modified its preliminary order to read "Trinidad Pitch Lake Sheet Asphalt" as the material to be used for paving Kinnaird Avenue under Improvement Resolution No 680, and also modified its preliminary order to read "Bessemer repressed paving block" on the material to be used for paving Walnut Street under Improvement Resolution No 681. All other preliminary orders were upon motion confirmed.

Upon motion now the bids submitted by the S. S. Saxton Company were rejected, the same being irregular and not in accordance with the specifications.

The Board now proceeded to award the contracts for the work bid upon. Upon motion the contract for the work to be performed under Improvement Resolutions Nos. 679, 680, 682 and 683 was awarded to The Grace Construction and Supply Company, it being the lowest and best bidder, specifying Trinidad Pitch Lake Sheet Asphalt to be used in making the above improvements. The contracts for the work to be performed under Improvement Resolutions No 681 and 692 was awarded to Brooks Construction Company, it being the lowest and best bidder, specifying Bessemer repressed Paving Block to be used in Metropolitan Vitrified Block under Improvement Resolution making the improvements under Resolutions No 681 and No 692. The contracts for the work to be performed under Improvement Resolution No 685, 689 and 691 was awarded to Moellering Construction Company, it being the lowest and best bidder, specifying Metropolitan Vitrified Shale Block to be used in making the improvements under Improvement Resolutions Nos. 685, 689 and 691.

The bids submitted for the work to be performed under Improvement Resolutions Nos 686 and 688 were taken under further advisement until 2 o'clock P. M. April 2nd 1912.

The Board now took a recess until April 2nd 1912 at 2 o'clock P. M.

The Board reconvened at 2 o'clock P. M. April 2nd 1912.

Having carefully considered the bids submitted for the work to be performed under Improvement Resolution No 686, the Board now upon motion awarded the contract for the same to Moellering Construction Company, it being the lowest and best bidder, specifying Metropolitan Block to be used in making

the improvement under the aforesaid Resolution.

Mr. E. J. Lennon requested the Board to allow him to change his vote from aye to nay upon the motion to confirm the preliminary order designating Anchored Bituminous Concrete as the material to be used for paving Lake Avenue under Improvement Resolution N° 688, which request was granted. Mr. Lennon stated that his reason for changing his vote was that he considered the bid submitted for Anchored Bituminous Concrete to high as compared with other materials.

Upon motion the contract for the work to be performed under Improvement Resolution N° 688 was awarded to The Grace Construction and Supply Co. it being the lowest and best bidder, specifying Anchored Bituminous Concrete to be used in making the improvement under the aforesaid resolution.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 229, which provides for widening Park and Avenue from Indiana Avenue to Beaver Avenue, there now appeared Milton G. Kimmel, who objected to the proposed widening of said Park and Avenue, on the ground that such proposed widening was not a public necessity, and would practically destroy his property. The Board however decided that there was no merit in said objections and overruled the same. There appearing no other objections or remonstrances of any nature whatsoever, upon motion Declaratory Resolution No. 229 was confirmed as in the original.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 230, which provides for opening and extending Beaver Avenue from Broadway to Home Avenue, upon the request of a number of property owners affected by said proposed opening of Beaver Avenue the hearing was postponed until May 16th 1912 at 7 30 o'clock P. M.

On the matter of opening an alley on the south line of the right-of-way of the Pennsylvania Railroad from Garden Street to the west line of lot No. 152 Swinney's Addition Extended under Declaratory Resolution No. 231, the hearing was upon motion postponed until May 2nd 1912, at 7 30 o'clock P. This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 202, which provides for vacating Brooklyn Avenue from Calhoun Street to Fairfield Avenue, and also vacating McClellan Street from the alley south of Baker Street to Brooklyn Avenue,

upon motion the hearing was postponed until June 13th 1912, at 7:30 o'clock P. M., no agreement having been reached for additional tracks across Calhoun Street.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 231, which provides for opening an alley on the south line of the right-of-way of the Pennsylvania Railroad, from Garden Street to the west line of lot No. 152, Swinney's Addition, upon motion the hearing was postponed until May 16th 1912, at 7:30 o'clock P. M.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 701, which provides for cement sidewalks on both sides of Calhoun Street from Dock Street to a point 22 feet south of Baker Street; also against Improvement Resolution No. 702, which provides for cement sidewalks on the west side of North Lafayette Street from Elizabeth Street to Kamm Street; also against Improvement Resolution No. 703, which provides for cement sidewalks on the east side of North Barr Street from Elizabeth Street to Kamm Street, the Board finds that the benefits to abutting and adjacent and abutting property, including the benefits to the City of Fort Wayne, if any, are equal to, or exceed the estimated cost of the proposed improvements, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 704, which provides for cement sidewalks on both sides of Williams Street from Calhoun Street to Fairfield Avenue, there now was presented to the Board a remonstrance by Mary E. Campion and 37 others against said resolution, the said parties agreeing to withdraw said remonstrance if the resolution would be modified to read "5 feet instead of 6 feet"; the remonstrators claiming that the construction of 6 foot walks would damage the shade trees on said street. With a view to determining the feasibility of constructing 6 foot walks on said street, the Board upon motion postponed further hearing in the matter until May 4th 1912, at 7:30 o'clock P. M.

Moved that an Assessment Roll of Benefits and Damages in the matter of re-locating Tennessee Avenue at its intersection with the west bank of the St. Joseph River, under Declaratory Resolution No. 221, be and the same is hereby approved and that notice of same to property holders affected thereby be given according to law and the 16th day of May, 1912, at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against said Assessments of Benefits or awards of Damages as approved by the Board and take final action.

Adopted.

The petition of Anthony H. Masbaum for a sewer in the alley between Wayne Street and Erie Street from the west line of lot No. 5 Weller's Addition to the sewer on Hanover Street was upon motion granted and the City Civil Engineer was instructed to prepare plans and specifications for same.

Upon motion the bids were taken under advisement.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Local Sewer Improvement Resolution No 201, which provides for a sewer in the alley east of Lindley Avenue, from the brick sewer on Taylor Street to a point 15 feet north of the south line of lot No 53 Kettman Place Addition, and in the alley south of Park View Avenue from the alley east of Lindley Avenue to Lindley Avenue; also against the work performed under Local Sewer Improvement Resolution No 202, which provides for a sewer in the alley east of Broadway from the alley between Kettman Avenue and Dayton Avenue to the alley south of Dayton Avenue, and in the alley south of Dayton Avenue from the alley east of Broadway to the center line of Beaver Avenue; also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Rolls covering the work performed under the aforementioned Resolutions, which Assessment Rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed, and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Local Sewer Improvement Resolution No 201 and 202 was finally accepted and the Assessment Rolls confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 225, which provides for opening, extending and widening of Barthold Street, from the St. Mary's River to the alley south of Putnam Street, there now was presented a remonstrance by Theodor Geller and 69 others against the opening of said Barthold Street north of Spring Street. There also was presented a report from the Barthold Street Bridge Committee, favoring the passage of the aforesaid resolution. After a general discussion of the matter, the Board, upon motion postponed final action in the matter until May 16th 1912 at 7:30 o'clock P. M.

In the matter of hearing and considering objections or remonstrances against Declaratory Resolution Nº 224, which provides for opening and extending Barthold Street from the St. Mary's River to Michaels Avenue, final action was postponed until May 16th 1912 at 7:30 o'clock P. M.

This now being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Nº 704, which provides for cement sidewalks on both sides of Williams Street from Calhoun Street to Fairfield Avenue, upon the request of a number of property owners on said street, the Board upon motion, modified the aforesaid resolution to read as follows: and paving with cement to a width five feet and six inches (5'6"), after being so modified, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to, or exceed the estimated cost of the proposed improvement, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolution was confirmed as modified.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution Nº 705, which provides for paving Monroe Street from Berry Street to Washington Street; also against Improvement Resolution Nº 706, which provides for paving Canal Street from Wayne Street to the N. Y. C. & St. L. R. R.; also against Improvement Resolution Nº 707, which provides for paving Hugh Street from Gay Street to Winter Street; also against Improvement Resolution Nº 708, which provides for paving Weisser Park Avenue, from Wallace Street to Weisser Park; also against Improvement Resolution Nº 709, which provides for paving Dawson Street from Calhoun Street to Fairfield Avenue; also against Improvement Resolution Nº 710, which provides for paving Hoagland Avenue from the south property line of Dawson Street on the east side of Hoagland Avenue to the north property line of Dawson Street on the west side of Hoagland Avenue; also against Improvement Resolution Nº 711, which provides for paving Killea Street from the east property line of Harrison Street on the south side of Killea Street to the west property line of Harrison Street on the north side of Killea Street; also against Improvement Resolution Nº 712, which provides for paving Harrison Street from Killea Street to Wildwood Avenue, there now was presented a remonstrance by W. E. Warr and others against the passage of Improvement Resolution Nº 707 for paving Hugh Street. The Board, after carefully considering the list of resident property owners on said Hugh Street, finds that there are 23 resident property owners on said street of whom 9 signed the remonstrance. The remonstrators being clearly in the minority, the Board upon motion refused their prayer. The Board now finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

In the matter of Improvement Resolution Nº 713, which provides for paving Wildwood

Avenue from Fairfield Avenue to Hoagland Avenue; also Improvement Resolution Nº 714, which provides for paving Wildwood Avenue from Hoagland Avenue to Webster Street, owing to a number of property owners objecting because the pavement was not to be extended to Calhoun Street, the Board upon motion postponed further action until May 16th 1912 at 7:30 o'clock P. M.

In the matter of Improvement Resolution Nº 715, which provides for paving Douglas Avenue from Calhoun Street to McClellan Street, owing to the divided opinion of the property owners as to the width of the proposed pavement, the Board, with a view to looking into the situation more carefully, postponed action in the matter until Monday, May 13th 1912, at 3 o'clock P. M.

Derheimer and Company reported the work to be performed under Main Sewer Improvement Resolution Nº 28, completed. Upon motion the report was received and placed on file, and the City Civil Engineer was instructed to prepare a primary assessment roll for said work.

The report of the Building Inspector covering the month of April 1912, was received and placed on file.

The following bonds were upon motion approved: Sewer Builder's Bond of Herman Grossman; Housemover's Bond of the Porter Construction Company.

This being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 211, which provides for a sewer in and along the center line of Colerick Street,

from the center line of Hanna Street to the center line of the alley east of Hanna Street, thence south in the alley east of Hanna Street to the alley south of Colerick Street, also for the relaying of the sewer in the alley east of Hanna Street from Colerick Street to McKee Street; also against Local Sewer Improvement Resolution No. 212, which provides for a sewer in and along the alley and the right of way seemed between Hanna Street and Koenig Street from the alley south of Leith Street to the south line of Rasselles Out Lot No. 2, (excepting that portion already constructed from Colerick Street to the alley north of Colerick Street); also against Local Sewer Improvement Resolution No. 213, which provides for a sewer in the alley between Warsaw Street and Koenig Street from Boltz Street to the south line of Freistoffer's Addition; also against Main Sewer Improvement Resolution No. 30, which provides for a Main Sewer commencing at the brick sewer on Vermont Avenue at the alley between California Avenue and Lexcent Avenue; thence westwardly on Vermont Avenue to Kentucky Avenue; thence northwardly on Kentucky Avenue to Sallie Avenue; thence westwardly on Sallie Avenue to the alley between Hillside Avenue and St. Joseph Boulevard; thence northwardly along said alley to the line between lots 25 and 26 Romy's Addition; thence westwardly on said line and in the alley between Romy and Forest Avenues to Parnell Avenue, and branches, the Board finds that the benefits to abutting and adjacent property, including the benefits to the City of Fort Wayne, if any, are equal to or exceed the estimated cost of the proposed improvements, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforesaid resolutions were confirmed as in the original.

The Board upon motion adopted the following Resolutions:

Railroad Track Elevation Resolution No. 7.

Whereas, Harrison Street at the point where the same is crossed and intersected by the right of way of the Wabash Railroad Company is located in a portion of the City, which is densely settled and is an important residence district of the City, and

Whereas, the maintenance of the grade crossing at that point is dangerous to the lives and property of the public, and detrimental to the business interest of the citizens of said City, and makes the use of and travel on said street by the public at said crossing dangerous; and

Whereas, A necessity exists for the alteration of said grade crossing by the elevation of the steam railroad tracks crossing said Harrison Street at said crossing.

Therefore, Be it resolved by the Board of Public Works of the City of Fort Wayne, that the alteration, by the elevation of the steam railroad tracks of the Wabash Railroad Company of the grade crossing, at the intersection of said railroad tracks with said Harrison Street is by said Board deemed necessary.

Be it further resolved, that the Wabash Railroad Company be, and it is hereby required, ordered and directed to elevate, or cause to be elevated the steam railroad tracks owned, or leased, maintained and operated by it at the intersection of said railroad tracks with Harrison Street in said City, said Company to elevate the tracks so owned or so leased, maintained and operated, by it so that there will be a clearance or difference of twelve and one half feet between the bottom of the superstructure over such highway and under such tracks and the surface of the

roadway under such tracks after such roadway or street has been depressed and lowered one (1) foot, and at the time of the elevation of said tracks by said Company said City shall cause the surface of said Harrison Street at its intersection with said railroad tracks to be lowered and depressed one (1) foot from its present grade.

Be it further resolved, that Monday, June, 3rd. 1912, at three (3) o'clock P. M. be, and the same is hereby fixed when said Wabash Railroad Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.

Adopted.

Railroad Track Elevation Resolution No. 8.

Whereas, Thompson Avenue at the point where the same is crossed and intersected by the right of way of the Wabash Railroad Company is located in a portion of the City which is densely settled and is an important residence district of the City, and

Whereas, the maintenance of the grade crossing at that point is dangerous to the lives and property of the public, and detrimental to the business interests of the citizens of said City, and makes the use of and travel on said street by the public at said crossing dangerous; and

Whereas, A necessity exists for the alteration of said grade crossing by the elevation of the steam railroad tracks crossing said Thompson Avenue at said crossing.

Therefore, Be it resolved by the Board of Public Works of the City of Fort Wayne, that the alteration, by the elevation of the steam railroad tracks of the Wabash Railroad Company of the grade crossing, at the intersection of said railroad tracks with said Thompson Avenue is by said Board deemed necessary.

Be it further resolved, that the Wabash Railroad Company be, and it is hereby required, ordered and directed to elevate, or cause to be elevated the steam railroad tracks owned, or leased, maintained and operated by it at the intersection of said railroad tracks with Thompson Avenue in said City, said Company to elevate the tracks so owned or so leased, maintained and operated, by it so that there will be a clearance or difference of twelve and one half feet between the bottom of the superstructure over such highway and under such tracks and the surface of the roadway under such tracks after such roadway or street has been depressed and lowered six (6) feet, and at the time of the elevation of said tracks by said Company said City shall cause the surface of said Thompson Avenue at its intersection with said railroad tracks to be lowered and depressed six (6) feet from its present grade.

Be it further resolved, that Monday, June 3rd, 1912, at three (3) o'clock P. M. be, and the same is hereby fixed when said Wabash Railroad Company may appear and remonstrate as to the grade or clearance herein provided for, and at which time said Board of Public Works will approve, change or modify this resolution.
